# AGRESAR

## GUJARAT

# SANKALP FOR AGRESAR GUJARAT

**1** We will invest ₹10,000 crore under Gujarat Krishi Infrastructure Kosh to develop a holistic system of Khedut Mandis, modern APMCs, sorting and grading units, cold chains, warehouses, primary processing centres, etc.

**2** We will invest ₹25,000 crore to expand the existing irrigation network through projects such as Sujalam Sufalam, SAUNI, lift irrigation projects, micro irrigation, drip irrigation and other systems across Gujarat.

**3** We will ensure holistic care for livestock by strengthening Gaushalas (additional budget of ₹500 crore), setting up 1,000 additional Mobile Veterinary Units and ensuring complete vaccination and insurance of cattle.

**4** We will set up 2 Sea Food Parks (one each in South Gujarat and Saurashtra), build India's first Blue Economy Industrial Corridor and strengthen fishing related infrastructure (jetties, cold supply chain and mechanisation of boats).

**5** We will double the annual cap under the Pradhan Mantri Jan Arogya Yojana (Ayushman Bharat) from ₹5 lakh to ₹10 lakh per family and ensure free-of-cost medical treatment.

**6** We will launch the Mukhyamantri Free Diagnostic Scheme with a corpus of ₹110 crore to provide free-of-cost diagnostic services in all government health institutions and empanelled laboratories for EWS households.

**7** We will create a ₹10,000 crore Maharaja Shri Bhagvatsinhji Swasthya Kosh to set up 3 Civil Medicities, 2 AIIMS-grade institutions, and upgrade infrastructure at existing healthcare facilities (Hospitals, CHCs and PHCs).

**8** We will convert 20,000 government schools into Schools of Excellence with a budget of ₹10,000 crore in the next 5 years.

**9** We will launch Keshavram Kashiram Shastri Higher Education Transformation Fund with a budget of ₹1,000 crore, to construct new government colleges and revamp the existing colleges and universities with state-of-the-art facilities.

**10** We will provide 20 lakh employment opportunities to the youth of Gujarat in the next 5 years.

**11** We will establish 4 Gujarat Institute of Technology (GIT) on the lines of IITs as Centres of Excellence in the areas of Green Energy, Semiconductors, FinTech, and Aerospace.

**12** We will launch Gujarat Olympics Mission and create world-class sports infrastructure with an aim to host the Olympic Games in 2036.

**13** We will ensure that every citizen in Gujarat has a pucca house and ensure 100% implementation of the Pradhan Mantri Awas Yojana.

**14** We will launch a Family Card Yojana, which will enable every family to avail benefits of all State Government-run welfare schemes.

**15** We will provide 1 litre of edible oil four times a year and 1 kg chana per month at subsidised rates through the PDS system.

**16** We will introduce Shramik Credit Cards for labourers to provide them with collateral-free loans up to ₹2 lakh.

**17** We will provide a one-time incentive grant of ₹50,000 to OBC/ST/SC/EWS students who get into a NIRF top-ranking institution in India or a top-ranking world institution for higher education.

**18** We will ensure complete implementation of the Gujarat Uniform Civil Code Committee's recommendation.

**19** We will create an Anti-Radicalisation Cell to identify and eliminate potential threats, and sleeper cells of terrorist organisations and anti-India forces.

**20** We will enact the Gujarat Recovery of Damages of Public and Private Properties Act to recover damages done to public and private properties by anti-social elements during riots, violent protests, unrest, etc.

**21** We will spend over ₹1,000 crore on Police Force modernisation to strengthen the physical infrastructure, purchasing best-in-class weapons and equipment, along with building India's most robust IT infrastructure.

**22** We will make Gujarat a \$1 trillion economy by maintaining its pole position in manufacturing, focusing on services and investing in human and institutional capacity-building for new-age industries.

- We will become the top FDI destination by attracting ₹5 lakh crore foreign investment in the next 5 years.
- We will make Gujarat the Defence and Aviation Manufacturing Hub of India.

**23** We will develop the first-of-its-kind Parikrama Path of 3,000 km encircling the whole state with 4-6 lane roads/highways by constructing:

- South Eastern Peripheral Highway (India's longest coastal highway, 1,630 km)
- North Western Peripheral Highway (1,380 km).

**24** We will develop Gujarat Link Corridors by completing the missing links and augmenting the existing highways:

- East-West Corridor: Connecting Dahod with Porbandar (611 km)
- North-South Corridor: Connecting Palanpur to Valsad (558 km)

**25** We will develop a Saurashtra Express Highway Grid to provide seamless connectivity between important economic hubs and national highways.

- 26** We will spend ₹25,000 crore under the Gujarat Urban Development Mission to transform the urban landscape with a focus on decongesting the existing cities (Satellite Townships) and increasing ease of living (Riverfront, Recreational Parks, Urban Forests, Traffic Management Systems) for citizens.
- 27** We will ensure time-bound completion of Gandhinagar and Surat Metro, and kick-start work on Saurashtra (Rajkot) and Central Gujarat's (Vadodara) first metro rail service.
- 28** We will build a Devbhumi Dwarka Corridor to establish it as western India's biggest spiritual centre, comprising of the World's tallest Shree Krishna statue, a 3D immersive Bhagwat Gita experience zone and a viewing gallery for the lost city of Dwarka.
- 29** We will invest ₹1,000 crore to renovate, expand and promote temples, following the successful transformation model of Somnath, Ambaji and Pavagadh.
- 30** We will invest ₹2,500 crore to promote Gujarat's culture at the national and international levels by building museums, centres for performing arts, Sardar Bhawan, etc.

# Agresar TRIBAL

## KEY SANKALP

**1** We will spend ₹1 lakh crore under the Vanbandhu Kalyan Yojana 2.0 for the all-round socio-economic development of tribals.

**2** We will construct a Birsa Munda Adi Jati Samriddhi Corridor between Ambaji and Umergram to spur growth by connecting every tribal district's headquarters with a 4-6 lane state highway, and by constructing a tribal cultural circuit to connect Pal Dadhvaav and the Statue of Unity to Shabari Dham.

**3** We will ensure state-of-the-art healthcare facilities in tribal areas by setting up 8 medical colleges, and 10 nursing/para-medical colleges.

**4** We will set up 8 GIDCs in the tribal belt to generate employment opportunities for tribal youth.

**5** We will set up 25 Birsa Munda Gyan Shakti Residential Schools to provide the best residential schooling facilities to 75,000 meritorious students from the tribal community.

**6** We will provide a one-time incentive grant of ₹50,000 for every tribal student who gets into a NIRF top-ranking institution in India or a top-ranking world institution for higher education.

**7** We will initiate mobile delivery of ration across all 56 Tribal Sub Plan Talukas.

**8** We will ensure 100% mobile internet connectivity in every village across hilly tribal regions by 2023.

# Agresar WOMEN

## KEY SANKALP

- 1** We will provide free-of-cost, quality education to all female students from KG to PG.
- 2** We will give free bicycles to all female students from classes 9 to 12.
- 3** We will start Sharda Mehta Yojana to provide free two-wheelers (electric scooters) to meritorious college-going female students from financially weak households.
- 4** We will increase the financial assistance under Vahali Dikri Yojana to ₹1,50,000.
- 5** We will provide free bus travel to female senior citizens in the state.
- 6** We will expand the scope of Mission Mangalam 2.0 for the upliftment of SHGs by providing a corpus of ₹2,500 crore.
- 7** We will create more than 1 lakh government jobs for women in the next 5 years.
- 8** We will provide a one-time grant of ₹50,000 to all women getting recruited as Agniveers under the Agnipath Yojana.

## Message of Hon'ble Chief Minister

My dear people,

Over the last 27 years, Gujarat has risen to great heights because of your faith in the BJP. Be it infrastructure, startup & innovation, tribal welfare, agriculture, or the development of women and children, Gujarat has led the way through the millennium. This is a state where the youth can dream and businesses flourish. The BJP and the people of Gujarat have worked together to make it the most Agresar state in India.

In the last five years, our government has worked to further strengthen facilities like electricity, water, housing, ration, education and health in the state. Whether it is soft loans to the farmers under Kisan Credit Card, the overall welfare of tribals under the Vanbandhu Kalyan Yojana, provisions of pucca houses to poor families under Pradhan Mantri Awas Yojana, financial support to the youth and startups under Startup Gujarat, or looking after nutrition of children and women under POSHAN Abhiyan: the double engine government of the BJP has delivered what it promised.

Following our principle of Sabka Saath Sabka Vikas, we have brought forward a roadmap for keeping Gujarat competitive. This Agresar Gujarat Sankalp Patra 2022 is our vision of how the proud state of Gujarat will progress in the next 5 years. I believe, this Sankalp Patra represents the dreams and ambitions of the people of Gujarat and every Gujarati will support the BJP government in realising these dreams as they have for the last 27 years.

Jai Jai Garvi Gujarat!

**BHUPENDRA PATEL**  
CHIEF MINISTER, GUJARAT

## Message of Hon'ble BJP State President

My dear brothers and sisters,

“Aa Gujarat me banavyu che”. By keeping the Bharatiya Janata Party in power for 27 years, you have showered us with love and trust and we have delivered by making Gujarat the most Agresar state in India. 27 years ago, the rulers impoverished the state and left the youth with zero employment opportunities. Our women were scared to walk with their dignity intact on roads. But under the leadership of Hon'ble Shri Narendra Modi, the pioneer of new-age development, Gujarat achieved rapid growth making it the best Agresar state in the country.

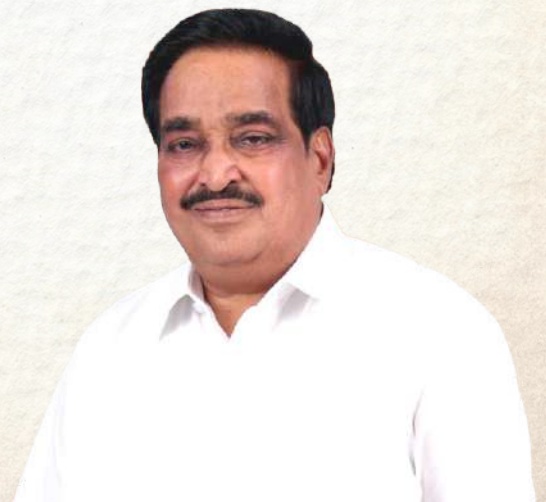

Your resilience, perseverance, and dedication have made Gujarat what it is today. Once upon a time, there were towns in drought-prone Saurashtra which used to get drinking water supply only once a week. But now under the Jal Jeevan Mission, Gujarat has been declared a “Har Ghar Jal” state, with all homes having access to fresh tap water.

The Somnath Jyotirling, Mahakal Corridor and Ayodhya were clarion examples through which BJP made clear to the world its ideals, hopes and dreams. We launched the Agresar Gujarat campaign to seek your opinion to make our state's manifesto. Crores of Gujarati residents came out to support our vision and provide their suggestions to keep Gujarat Agresar. We have collated all the ideas and duly included them in our manifesto.

This is not just an election manifesto, but our vision for Gujarat under Amrit Kaal, the future roadmap envisioned for India by the Hon'ble PM Shri Narendra Modi. I am sure that the way you trusted us 27 years ago, based on this Agresar Gujarat Sankalp Patra, you will once again ensure that your precious mandate allows the lotus to bloom in Gujarat.

Bharat Mata ki Jai!

**CHANDRAKANT RAGHUNATH PATIL**  
STATE PRESIDENT, GUJARAT, BHARATIYA JANATA PARTY

## Message of Manifesto Committee Chairman

My dear brothers and sisters,

Over the last 27 years, Gujarat has made great strides and is today the fourth-largest economy in India. Our Hon'ble Prime Minister Shri Narendra Modi Ji firmly believes in the tenet of Jan Bhagidari se Sashakt Bharat. We have fulfilled our resolutions from the 2017 Sankalp Patra, like providing interest-free loans to farmers and providing crop insurance. We have made significant achievements under Ayushman Bharat, built world-class education infrastructure, promoted the startup ecosystem through incentives, and boosted connectivity through the construction of National Highways and Railways.

Agresar Gujarat will be the torch bearer for the rest of India in Amrit kaal. We thank the citizens of Gujarat for actively participating in and contributing to this vision of Agresar Gujarat. Through this exercise, we have received over 1.19 crore aspirations through suggestion boxes placed in public places, phone calls, Whatsapp messages, websites and emails. We are grateful to the people for their zealous participation and support throughout this campaign. We have diligently gone through all the aspirations that were collected and tried to capture the public's hopes from us.

We take tremendous satisfaction in the fact that the Gujarati people's aspirations are embodied in our manifesto. The Gujarati people's confidence in the present government is reflected in the Agresar Gujarat Sankalp Patra 2022. We are confident to form the government once again and work with the people of Gujarat to fulfil the commitments outlined in this Sankalp Patra. Let's work together to keep Gujarat on its course of being Agresar.

Vande Mataram!

**YAMAL VYAS**

# Agresar AGRICULTURE

## Strengthening Farmers' Welfare

We will increase the accidental insurance coverage for farmers to ₹3 lakh under Khedut Akasmat Bima Yojana.

We will ensure time-bound assessment of crop losses and disbursement of relief amount to farmers under the Mukhyamantri Kisan Sahay Yojana.

We will launch a Mukhyamantri Khedut Fellowship in which leading farmers from across the state will visit foreign countries to study best agricultural practices.

We will create 1,000 new FPOs in the next five years and provide interest-free loans up to ₹25 lakh through a corpus of ₹250 crore.

We aim to make Gujarat's farmers self-reliant in their power requirements by doubling the number of solar water pump connections under the PM Kusum and Surya Shakti Kisan Yojana schemes.

## Becoming a Leader in Agri-Exports

We will double Gujarat's agricultural export in the next 5 years.

We will launch the Gujarat Agro Exports Policy to boost agricultural exports, under which we will:

- Develop 13 Agri-Cluster Zones as export zones
- Establish an Agri-Export Cell to facilitate agricultural exports in every district
- Establish state-of-the-art perishable cargo centres at the airports of Vadodara, Surat and Rajkot

## Scaling Up Agri-Infrastructure

We will invest ₹10,000 crore under Gujarat Krishi Infrastructure Kosh to develop a holistic system of Khedut Mandis, modern APMCs, sorting and grading units, cold chains, warehouses, primary processing centres, etc.

We will promote 2 Agro-Industrial Corridors in Saurashtra to make the agricultural supply chain more cost-effective.

We will establish 5 Mega Agro-Food Parks in Banaskantha, Ahmedabad, Junagadh, Kutch and Vadodara.

We will include land upto 2.5 acres under the Kantari Vad Sahay Yojana for round-the-clock protection of crops.

## Building Unparalleled Irrigation Systems

We will invest ₹25,000 crore to expand the existing irrigation network projects such as Sujalam Sufalam, SAUNI, lift irrigation projects, micro irrigation, drip irrigation and other systems across Gujarat. Under this, we will:

- Come up with a roadmap for strengthening and expanding the Water Grid for Kutch and North Gujarat regions by building more than 50 dams and 4 major barrages, irrigating more than 5 lakh acres of land
- Increase the availability of irrigation water in tribal areas by building more than 70 weir/barrages and more than 5,000 check dams

We will work towards building a 30 km long dam under the Kalpasar project in the Gulf of Khambhat, creating the world's largest freshwater reservoir, to provide irrigation and drinking water in Saurashtra.

We will allocate a fund of ₹1,000 crore to expedite Mission Amrit Sarovar and complete 5,000 water recharge projects by 2025.

We will come up with a Gujarat State Water Management Policy 2023 for a holistic and multi-dimensional approach to water conservation, storage and distribution.

We will develop model irrigation villages in every taluka, which will showcase the best water management practices.

## Remodelling Agriculture through Technology

We will aim to attract investments of ₹1,000 crore to develop a smart farming ecosystem based on new technologies like the Internet of Things, which will provide insights into soil quality, water levels, plant diseases, temperature, etc.

We will come up with a comprehensive roadmap to bring farmers and consumers closer by encouraging and incentivising agri-tech entrepreneurs.

We will introduce drones for real-time monitoring of farm produce, spraying pesticides and fertilisers, and assessing crop damage.

## Becoming a Leader in Organic Farming

We will create a fund of ₹1,000 crore to incentivise 5 lakh farmers to move towards organic and natural farming under the Prakrutik Kheti Protsahan Yojana.

We will launch India's first Organic and Natural Produce Marketing Federation.

We will create 10 Organic and Natural Farming Clusters in the state to bring scale and efficiency to the existing value chain.

We will ensure that the Gujarat Natural Farming and Organic Agricultural University is promoted as a Centre of Excellence to train Gujarati farmers in global best practices of organic and natural farming.

We will create model organic and natural farming villages in every taluka, which can become role models in organic farming.

We will promote and incentivise new and emerging types of agri-practices like hydroponics and aquaponics.

We will allocate ₹500 crore to Gauseva and Gauchar Vikas board to provide financial assistance for building new Gaushalas and upgrading existing ones.

We will set up 1,000 additional Mobile Veterinary Units to provide doorstep animal health services across all the villages of Gujarat.

We will roll out Pashu Aadhar Card and build a supporting IT infrastructure for effective and complete monitoring of the health and vaccination status of all livestock animals.

We will ensure every livestock animal in the state is insured and receives regular checkups and vaccination.

## Advancing the Dairy Sector

We will provide 50% subsidised cattle feed for 2 months when a calf is born under Mukhyamantri Pashudhan Sahay Yojana.

## Bolstering Fishermen's Welfare

We will build India's first Blue Economy Industrial Corridor in Gujarat, which will include:

- 2 Sea Food Parks (Saurashtra and South Gujarat)
- Building robust trunk infrastructure for plug and play setup of processing industries
- Common support facilities for storage, transportation and export (certification laboratories, warehouses, multi-modal transport, etc.)

We will expand fishing-related infrastructure with components such as:

- Construction and upgradation of jetties
- Modernisation of fish markets with state-of-the-art facilities
- Strengthening the cold supply chain by building small cold storages, adding refrigerated vans and subsidising modern iceboxes

We will ensure 100% mechanisation of boats under the Pradhan Mantri Matsya Sampada Yojana.

We will launch 6 more Boat Ambulances to respond to any medical emergency faced by the fishermen.

We will give new boats to boat owners whose boats get caught in Pakistan, to sustain their livelihood.

We will establish a Coastal Coordination Committee for fishermen in which meetings will be held quarterly in the presence of the District Collector and the Fisheries Minister.

We will come up with a New Marine Management Policy to promote new technologies such as sea wrenching and sea cage culture among fishermen.

## Boosting the Horticulture Sector

We will expedite and operationalise the Centre of Excellences of Horticulture in Ahmedabad, Jamnagar and Kheda to promote the horticulture and food processing industry in the state.

We will set up at least 250 new Horticulture FPOs across every district in the next 5 years.

## Promoting Apiculture, Kelp Farming, Sericulture and Floriculture

We will give 5 free-of-cost boxes of bees for honey production to 10,000 farmers, along with proper training in apiculture.

We will develop a strong Seaweed Farming Ecosystem along the coastlines of Gujarat by engaging 5,000 SHGs in kelp farming and providing them with training and equipment.

We will provide free-of-cost silkworm seeds for up to 5,000 SHGs, to facilitate silk farming.

We will launch a Gujarat Floriculture Mission under which we will support farmers involved in floriculture, set up flower processing units and provide incentives to the perfume/incense industry.

# Agresar ECONOMY

## Creating a Roadmap for India's Best Economy

We will make Gujarat a \$1 trillion economy by:

- Maintaining the position as India's manufacturing powerhouse
- Focusing on services - IT/ ITeS, FinTech and Tourism
- Investing in building human and institutional capacity for new age industries - Semiconductor, Green energy, etc.

We will become the top FDI destination by attracting ₹5 lakh crore foreign investment in the next 5 years.

We will set up an Economic Advisory Board consisting of industrialists, entrepreneurs and subject-matter experts to develop Gujarat as the most preferred business destination and leader in ease of doing business.

## Building Corridors of Development

We will develop dedicated economic corridors along the expressways being built under the Bharatmala Pariyojana.

We will expedite the construction of 3 Coastal Economic Zones in Kutch, Saurashtra and Surat under the Sagarmala Project.

## Boosting Gujarat's Industrial Growth

We will create a dedicated Services Commissionerate to accelerate the growth of the service sector.

We will strengthen our service sector by:

- Increasing our exports to ₹25,000 crore by attracting national and global IT giants and creating 1 lakh jobs
- Constructing IT and FinTech Parks in various regions of Gujarat with world-class infrastructure, to promote innovation and investment in the sector

We will establish Mega Textile Parks in Navsari and Surendranagar to create lakhs of jobs in the textile sector.

We will develop every district of Gujarat as an export hub by setting up a unique ecosystem for manufacturing, designing, packaging, and marketing.

## Strengthening MSMEs

We will provide incentives (such as subsidies on capital, exemption on electricity duty and EPF reimbursement) to MSMEs under the "Aatmanirbhar Gujarat Schemes 2022 for Assistance to Industries" scheme.

We will constitute a ₹500 crore fund, under which we will:

- Provide interest-free loans for technology upgradation and better market access to MSMEs
- Provide short-term low-interest loans for working capital requirements

We will provide 100% subsidy to identified MSME clusters for setting up Common Facility Centres in the state, in collaboration with the Central Government.

We will ensure that MSMEs will continue availing category-specific Gujarat government incentives for five years upon graduating to the next MSME size category.

We will ensure MSME units get necessary permissions within 6 months from the date of expiration of the 3-year exemption period, failing which they will be deemed approved.

## Becoming Hub of New Age Industries

We will make Gujarat the Semiconductor and Electronics Manufacturing Hub of the world by building a Semi-Con city and incentivising the setting up of manufacturing plants which will lead to the creation of lakhs of jobs.

We will make Gujarat an EV Manufacturing Hub of India and a leader in battery storage technology by giving incentives to EV industries and startups.

We will make Gujarat the Recycling Hub of India by unleashing its potential in vehicle scrappage and green ship recycling.

We will bring a new Shipbuilding Policy to position Gujarat as an ideal destination for shipbuilding with incentives, government support, ancillary units and skilled manpower.

We will make Gujarat a Hydrogen Hub of India by launching a Green Hydrogen Fuel Policy, promoting hydrogen as a clean fuel, building transport and storage infrastructure, and providing financial incentives for the adoption of hydrogen.

We will emerge as a leading hub for Biotechnology by bringing in an investment of ₹20,000 crore and starting 500 Biotech units to generate 1.2 lakh jobs, under the New Biotechnology Policy 2022-27.

We will make Gujarat an information gateway to India by coming up with a comprehensive Data Center Policy and providing incentives to global cloud service providers for setting up their Data Center Parks in Gujarat. We will also work towards getting Gujarat's first submarine landing cable.

## Engineering India's Largest Defence and Aviation Hub

We will make Gujarat the Defence Industry Hub of India by attracting major defence manufacturers, building Defence Industrial Corridors and creating a conducive policy-driven ecosystem. Under this, we will:

- Corner 10% of India's Defence Production
- Provide special incentive scheme for Defence MSMEs
- Build trunk infra in special defence manufacturing zones of Kutch, Banaskantha, Ahmedabad and Sabarkantha

We aim to develop Gujarat as the Aviation Manufacturing Hub of the country. Under this, we will:

- Set up a first-of-its-kind Aviation Park in Dholera
- Develop Global Aerospace Clusters, which will host MRO Hubs in Vadodara, Surat and Ahmedabad to promote aircraft overhauling and repairs
- Facilitate time-bound completion of Gujarat's first aircraft manufacturing facility in Vadodara

# Agresar INFRASTRUCTURE

## Pioneering Connectivity in Amrit Kaal

We will launch the Gujarat Gati Shakti Master Plan for Multi-Modal Connectivity, which will serve as an exemplary model of integrated infrastructural development, making Gujarat the guiding light in Amrit Kaal. It will bring integrated planning and coordinated implementation of critical projects across Roadways, Railways, Airways and Waterways.

## Building Corridors of Prosperity

We will develop the first-of-its-kind Parikrama Path of 3,000 km encircling the whole state with 4-6 lane roads/highways:

- Part 1: South Eastern Peripheral Highway (India's longest coastal highway, 1,630 km)
- Part 2: North Western Peripheral Highway (1,380 km)

We will develop Gujarat Link Corridors by completing the missing links and augmenting the existing highways:

- **East-West Corridor:** Connecting Dahod with Porbandar (611 km)
- **North-South Corridor:** Connecting Palanpur to Valsad (558 km)

We will connect all district headquarters of Gujarat with the capital city Gandhinagar with 4-6 lane highways to ensure seamless connectivity and faster movement of people and boost intra-state trade.

We will develop a Saurashtra Express Highway Grid to provide seamless connectivity between important economic hubs and national highways.

## Advancing Railway Infrastructure

We will facilitate the development of the under-construction Mumbai-Ahmedabad High-Speed Rail Corridor, hosting India's first Bullet Train Project.

We will work with the Central Government to kickstart work on Regional Rapid Transit System (RRTS) to transform the mobility of people within the Ahmedabad-Gandhinagar region (on the lines of Delhi-Ghaziabad-Meerut RRTS).

We will facilitate the completion of the Taranga-Ambaji-Abu Road railway line in record time.

We will facilitate the modernisation of all Railway Stations across Gujarat ensuring world-class amenities and eco-friendly infrastructure.

We will make Gujarat a railway crossing-free state by constructing railway over-bridges and under-bridges to ensure safe and convenient travel for commuters across the state.

## Building Best Air-Connectivity Network

We will make Gujarat No. 1 in the Civil Aviation sector by operationalising the largest number of international and domestic airports and doubling the volume of passengers by:

- Building the new greenfield Dholera International Airport by 2025

- Launching the Rajkot Hirasar International Airport by 2023, which will facilitate the growth of Saurashtra

- Developing airports and heliports in Tier 2 and Tier 3 cities to facilitate the movement of chartered flights, air ambulances and cargo aircrafts

- Developing new terminals and runways at existing airports to double their cargo and passenger handling capacity

- Providing government assistance in adding routes and increasing the frequency of flights in under-serviced airports

- Building Water Aerodromes in tourist destinations such as Ambaji, Palitana and Tapi

- Ensuring seamless movement of passengers and goods, by building connectivity infrastructure at all airports

## Amplifying Intra-State Transportation

We will launch the One District One Bus Port programme where one large Bus Depot equipped with world-class amenities and state-of-the-art infrastructure will be developed under the PPP model.

We will introduce a fleet of 1,000 E-Buses to connect small towns and villages with the nearby urban centres to ensure last-mile connectivity across Gujarat.

We will ensure 50% of the GSRTC fleet of buses run on LNG and Hydrogen fuel to reduce pollution.

We will modernise all the Bus Depots across Gujarat.

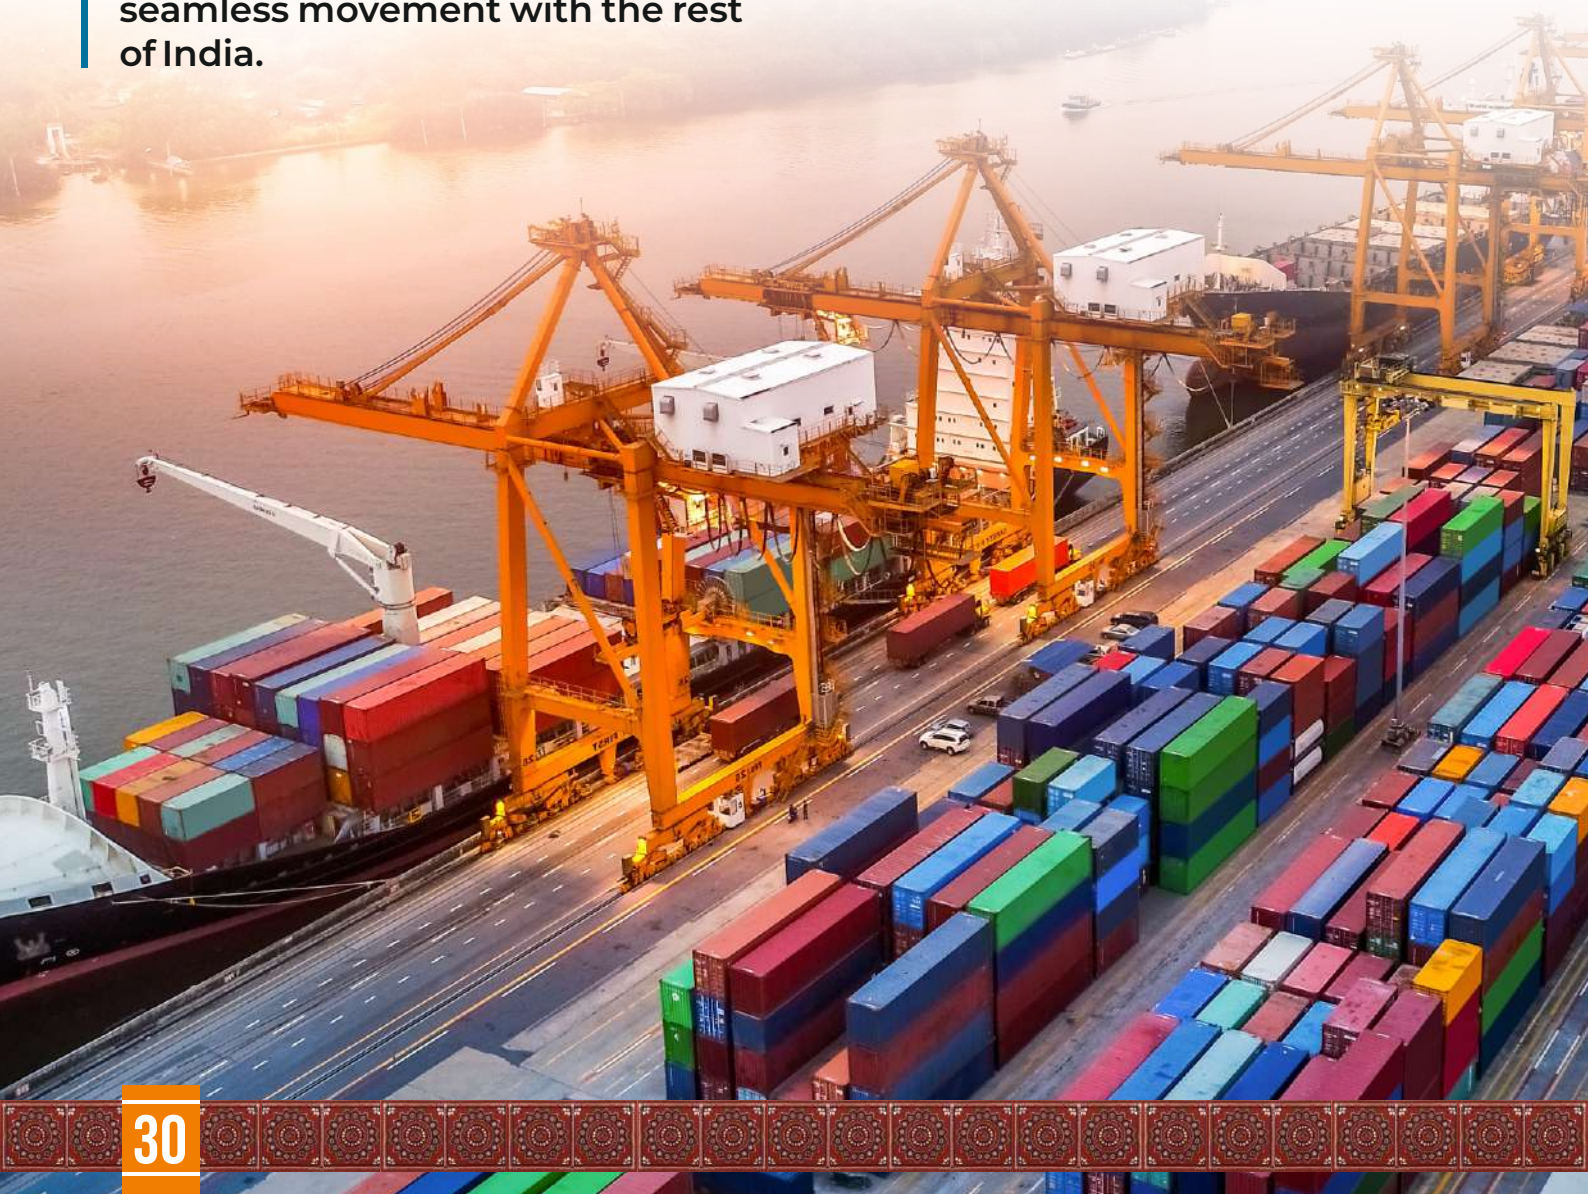

## Staying No. 1 in Logistics

We will facilitate infrastructure creation across major and minor ports to maintain Gujarat's numero uno position as the maritime gateway to India and double the cargo handling capacity of Gujarat's ports.

We will ensure that all the major and minor ports are connected with the nearest highway and upcoming expressway for seamless movement with the rest of India.

We will set up 8 world-class Multi-Modal Logistics Parks in Ahmedabad, Vadodara, Surat, Bharuch, Valsad, Rajkot, Kandla and Bhavnagar under the Bharatmala Pariyojana for the seamless movement of goods and services, bringing down logistics cost, and reduce vehicular pollution and congestion.

We will expand the existing network of ferry and Ro-Ro pax across the state by adding new destinations such as Pipavav, Mul Dwarka and Mundra.

## Becoming a Leader in Renewable Energy

We will be the first large state to achieve the feat of having 50% of the total energy production from renewable sources and thus safeguarding the energy interests of the state.

We will ensure Gujarat continues to be a leader in scaling renewable energy capacity in India by increasing Gujarat's share in India's renewable energy production capacity from 15% to 18% by 2030, taking it to 90 GW.

We will launch the Shyamji Krishna Varma Renewable Energy Mission to bring an investment of ₹80,000 crore to double the installed capacity of renewable energy in Gujarat. Under this, we will:

- Make Gujarat the front runner for Green Hydrogen and Green Ammonia production by setting up Mega Hydrogen Parks in different regions of Gujarat

- Facilitate the commissioning of 2 mega renewable energy projects in Kutch (Khavda) and Banaskantha district with an installed capacity of over 30,000 MW

- Double power generation through wind energy using offshore and onshore wind parks

We have achieved the highest number of rooftop solar installations in the country and will continue to maintain the leadership position by:

- Increasing the rural subsidy from 40% to 50% for installing rooftop panels up to 3KW and from 20% to 30% in capacities greater than 3KW and up to 10KW
- Setting up solar-powered clusters in 50 cities and 500 villages
- Converting famous tourist destinations such as Dwarka and Palitana into 100% solar-powered places on the lines of Modhera

## Ensuring Hygienic Water and Sanitation for All

We will launch a Gujarat Drinking Water Master Plan (under Gujarat State Water Management Policy 2023) to assess the current and future water demands, assess capability and provide roadmap for sustainable water management.

We will strengthen drinking water distribution infrastructure by building the missing links and adding newer lines to provide high-quality, uninterrupted drinking water daily in every village, town and city of Gujarat.

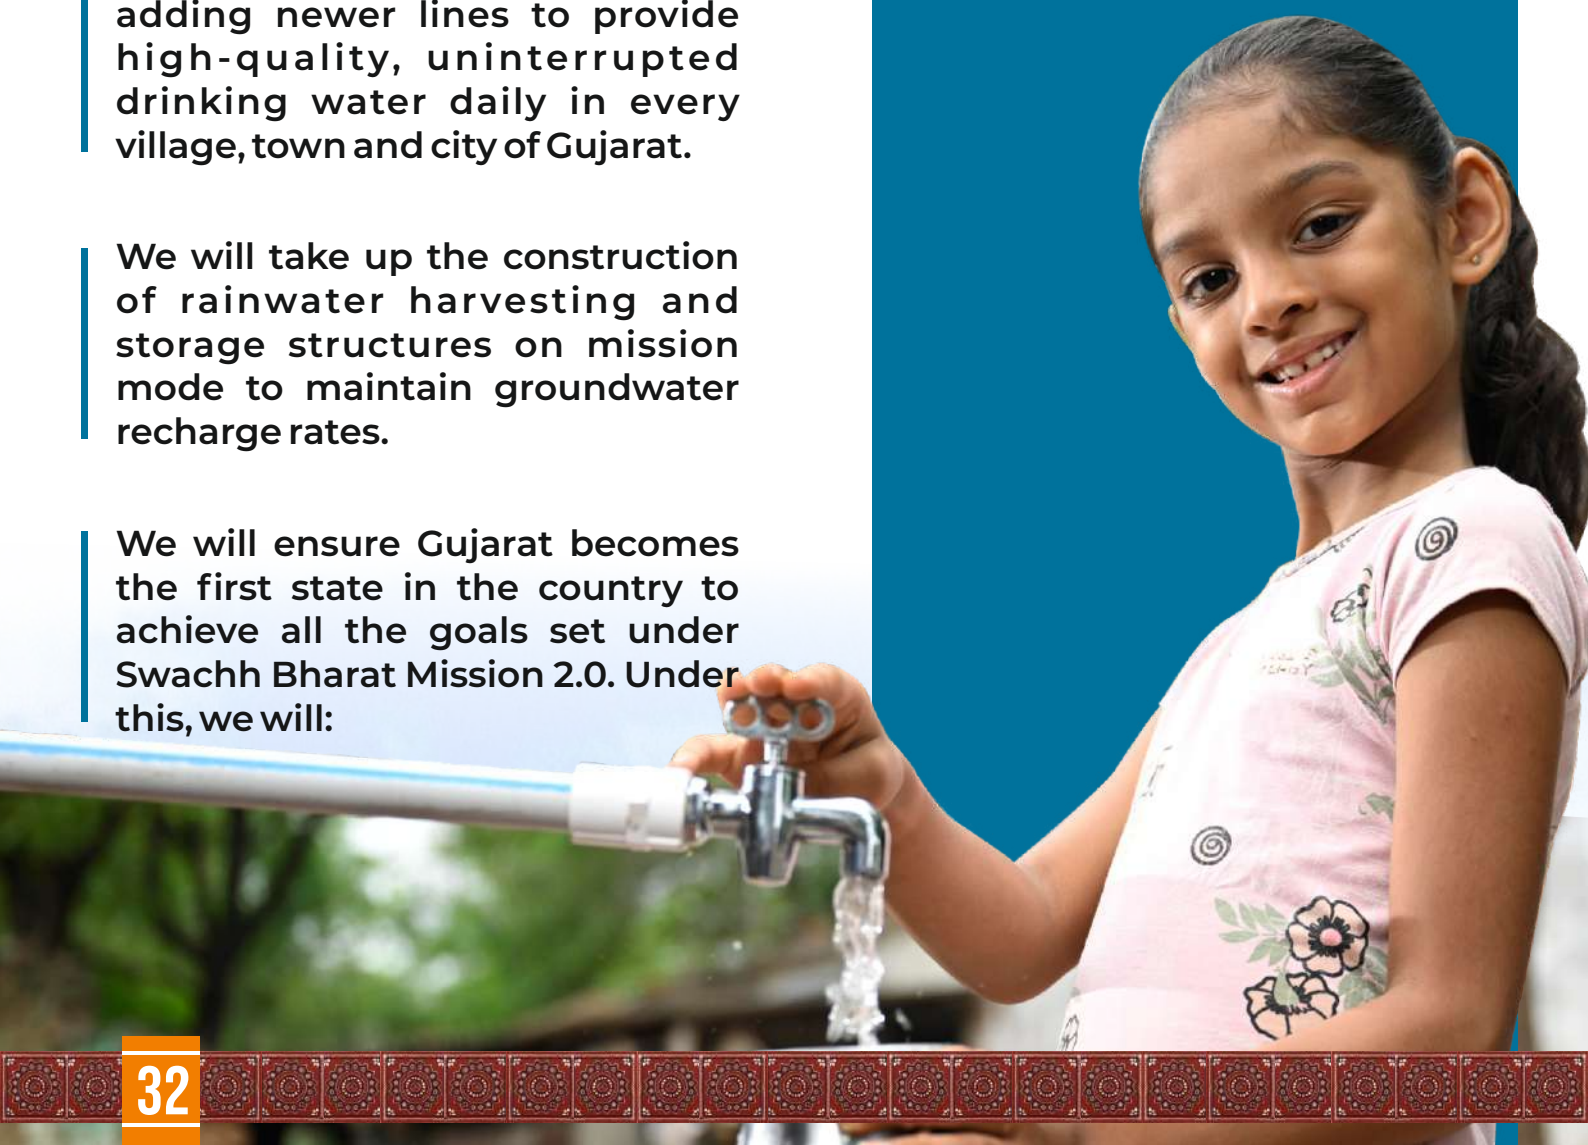

We will take up the construction of rainwater harvesting and storage structures on mission mode to maintain groundwater recharge rates.

We will ensure Gujarat becomes the first state in the country to achieve all the goals set under Swachh Bharat Mission 2.0. Under this, we will:

- Ensure that no untreated used water or faecal sludge is discharged into the environment and all used water is safely contained, transported, treated and reused in urban centres

- Commit to creating robust infrastructure with reliable Operation & Maintenance mechanisms to achieve the goal of clean urban Gujarat

We will operationalise the waste-to-energy plants in Ahmedabad and Vadodara and set up new waste-to-energy plants in Rajkot, and Surat, to create sustainable and zero-waste cities in Gujarat.

## Developing World-Class Cities

We will spend ₹25,000 crore under the Gujarat Urban Development Mission to transform the urban landscape of Gujarat. Under this, we will:

- Develop 5 Modern Satellite Townships to provide affordable housing for all
- Construct the Tapi Riverfront in record time
- Develop 100 urban forests to increase state's green cover

- Construct Mega Recreational Parks in all major urban areas with natural landscaping, picnic areas, athletic fields, yoga centres, and playgrounds
- Create high-speed free Wi-Fi connectivity zones in public spaces of 100 cities and urban areas
- Create a Smart Parking system across all the congested spaces in the state and create new multi-parking spaces
- Launch an Integrated Traffic Management System in all urban areas to facilitate quick passage to emergency vehicles such as ambulances and fire tenders

We will construct the largest and most advanced metro rail network. To achieve this, we will:

- Operationalise Gandhinagar and Surat Metro projects
- Start work on the Saurashtra (Rajkot) and Central Gujarat's (Vadodara) first metro rail service
- Construct a dedicated Airport Express Metro Line to ensure high-speed connectivity from Ahmedabad to the Sardar Vallabhbhai Patel International Airport

- Operationalise Gujarat's first Light Rail project between Ahmedabad and Dholera Special Investment Region

We will develop low-cost affordable housing complexes ensuring basic amenities to rehabilitate slum dwellers in major urban centres of Gujarat.

## Ensuring All-Round Development of Villages

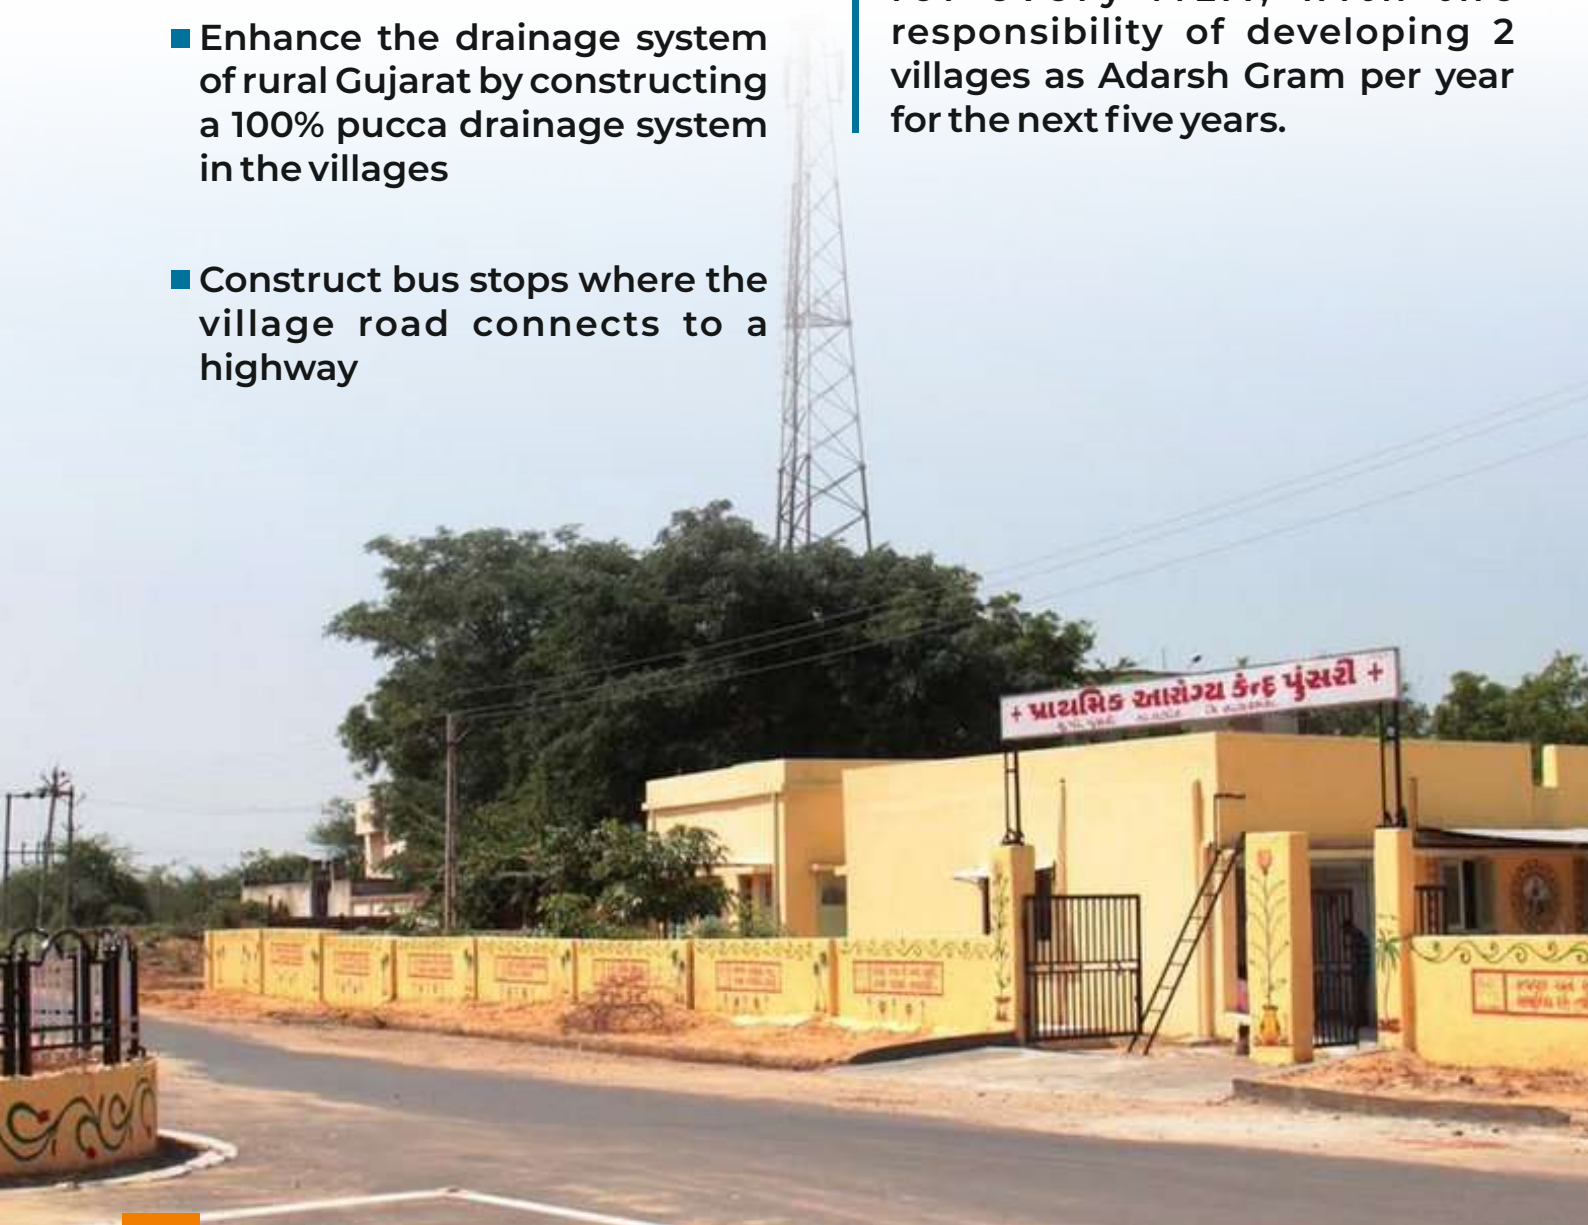

We will set up a ₹20,000 crore Keshubhai Patel Gram Unnati Kosh under Amrut Village Campaign. Under this, we will:

- Connect every village with an all-weather pucca road
- Enhance the drainage system of rural Gujarat by constructing a 100% pucca drainage system in the villages
- Construct bus stops where the village road connects to a highway

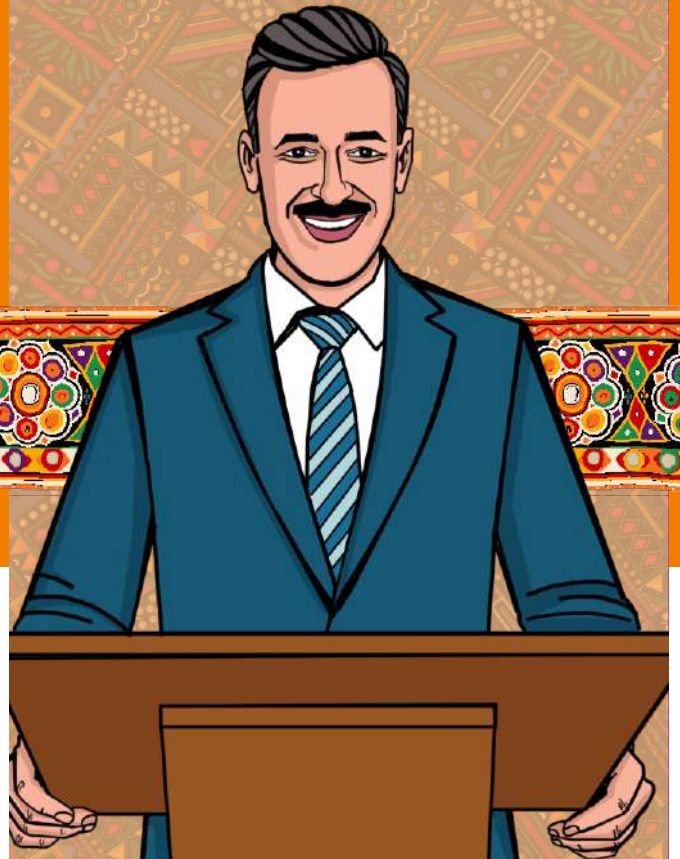

- Construct common and multi-purpose Community Recreation cum Development Centres for every Gram Panchayat, for group activities, social support and organising community events

- Aim to make Gujarat the first state in the country to achieve universal Broadband and Wi-Fi connectivity across rural areas of Gujarat

We will introduce the Dharasabha Adarsh Gram Yojana for every MLA, with the responsibility of developing 2 villages as Adarsh Gram per year for the next five years.

# Agresar GOVERNANCE

## Strengthening Transparent Governance

We will establish a Chief Minister's Advisory Council comprising experts on topics such as healthcare, education, infrastructure and sanitation to facilitate mission mode all-round development of the state.

We will launch a Sardar Vallabhbhai Patel Governance Fellowship. They will be deployed at various government departments and ministries and contribute their ideas towards transforming governance.

We will expand the scope of the ongoing grievance redressal mechanism. Under this:

- We will roll out a dedicated CM helpline and website
- MLAs will meet the people of their constituency on the 2nd and 4th Friday of each month
- Collector and SP will conduct grievance redressal meetings with the public on a fortnightly basis in different talukas

We will ensure that Gujarat becomes the first state where all financial assistance is given through DBT.

We will launch the Suvidha App which will provide seamless access to 300+ services and welfare schemes.

We will create a Task Force in each district and use LiDAR technology to check on land encroachment.

We will create an Anti-Radicalisation Cell to identify and eliminate potential threats, and sleeper cells of the terrorist organizations and anti-India forces.

We will set up a Task Force that will scrutinise the assets and finances of the Waqf Board and conduct surveys of Madrassas regarding their curriculum.

We will ensure that there is rigorous imprisonment along with a financial penalty for forced conversions under the Gujarat Freedom of Religion (Amendment) Act, 2021.

## Ensuring Safety and Stability

We will ensure the complete implementation of the Gujarat Uniform Civil Code Committee's recommendation.

We will enact the Gujarat Recovery of Damages to Public and Private Properties Act to recover damages done to public and private properties by anti-social elements during riots, violent protests, unrest etc.

We will integrate all emergency helplines and create an emergency helpline number 112.

We will spend over ₹1,000 crore on Police Force modernisation by:

- Strengthening physical infrastructure footprint- Police Stations, PCR Vans, Interceptors, High Visibility Decoy Car, ATVs
- Purchasing best-in-class weapons and equipment- Tablets, handheld devices for e-Challan, Body Cameras, Drones, etc
- Building India's most robust IT infrastructure for Police and using modern technology to help in the prevention of crime

We will extensively leverage drones for effective surveillance in the coastal and border areas, crowd management, disaster management and traffic management.

We will establish cyber help desks in all police stations, and cyber forensic departments in each district.

We will introduce the Police Commissionerate system in the cities of Gujarat having a population of more than 10 lakh.

We will establish additional benches of the Gujarat High Court.

We will create a special fund to improve the judicial infrastructure at the lower court levels. Under this, we will:

- Add new court complexes and upgrade existing court buildings
- Reduce pendency by increasing fast track courts, commercial courts, family courts and Lok Adalats
- Ensure state-of-the-art amenities such as smart libraries and chambers for lawyers and employees

# Agresar WOMEN

## Creating a Brighter Future for Girl Children

We will provide free-of-cost, quality education to all female students from KG to PG.

We will give free bicycles to all female students from classes 9 to 12.

We will start Sharda Mehta Yojana to provide free two-wheelers (electric scooters) to meritorious college-going female students from financially weak households.

We will increase the financial assistance under Vahali Dikri Yojana to ₹1,50,000.

We will set up 4 Raksha Shakti Schools across zones to encourage more girls to join the Armed and Police forces.

## Providing World-Class Health Services to Women and Children

We will ensure 100% institutional deliveries in the state.

We will establish 6 Stree Vandana Super Speciality Centres specialising in Gynaecology and Obstetrics.

We will establish the Nand Gopal Wards constituting neonatal intensive care units in every government hospital in the state.

We will launch the Maa-Shishu Arogya Yojana to ensure every mother and child undergoes comprehensive health screening post-delivery, to rule out any congenital or long-term complications.

We will expand a fleet of 200 dedicated ambulances for pregnant women.

We will continue providing free-of-cost monthly supplements for proteins, fats and micronutrients to all poor and pregnant EWS women and lactating mothers for 1,000 days under the Suposhit Mata Swasth Bal Yojana.

We will provide free-of-cost sanitary napkins to all female students and set up 25,000 subsidised sanitary napkin vending machines in every community and public toilet across Gujarat.

We will launch a ₹100 crore Minal Devi Mission to modernise Anganwadi Centres in Gujarat as per the guidelines of the Saksham Anganwadi project.

We will initiate the Gujarat Anaemia Eradication Mission to conduct mass screening of anaemic children and women and provide them with regular treatment and supplements.

## Providing Ease of Living to Women

We will provide 2 free-of-cost LPG cylinders every year under the Pradhan Mantri Ujjwala Yojana.

We will increase the financial assistance given to EWS families for the marriage of their daughters, under the Kuvar Bai nu Mameru Yojana to ₹25,000.

We will increase the financial assistance for widows under the Gujarat Ganga Swaroop Yojana up to ₹2,000.

We will provide free bus travel to women senior citizens in the state.

We will create a Pink Fund of ₹40 crore to ensure that there are 25 Pink-Toilets for women in every municipal corporation of the state.

## Enabling Women's Economic Empowerment

We will create more than 1 lakh government jobs for women in the next 5 years.

We will expand the scope of Mission Mangalam 2.0 by providing a corpus of ₹2,500 crore. Under this, we will:

- Double the number of Sakhi Mandals in the state
- Distribute SHG Credit Cards, enabling SHGs to get interest-free loans of up to ₹1 lakh in the state
- Open 250 Mission Mangalam shops across the state to sell products crafted by SHGs

■ Facilitate international travel for SHG members to gain experience and training in running micro-enterprises

■ Incentivise mothers and sisters by allocating at least 40% of Fair Price Shops to SHGs

We will construct at least 50 modern state-of-the-art Working Women Hostels.

We will set up a corpus of ₹100 crore to establish a Women Entrepreneur Cell at the state level, under Stand Up India Scheme, to provide technical, market access and business development assistance to women entrepreneurs.

We will double the number of women in the state police force.

We will establish 3 all-women police battalions under the Gujarat Police, to be known as Shakti, Swabhiman and Asmita Vahini.

We will establish a special, all-women commando force under the Gujarat Police, to be known as Veerangana.

We will provide a one-time grant of ₹50,000 to all women getting recruited as Agniveer under the Agnipath Yojana.

We will set up She Teams across every Police Station in Gujarat.

# Agresar TRIBALS

## Empowering Tribals

We will spend ₹1 lakh crore under the Vanbandhu Kalyan Yojana 2.0 for the all-round socio-economic development of tribals, under this, we will:

- Construct 2.5 lakh houses to improve the standard of living of tribals
- Ensure the complete eradication of malnutrition among tribals
- Modernise 4,000 schools in tribal talukas, upgrading them into Schools of Excellence
- Set up 240 new Primary Health Care centres in all tribal districts

- Ensure that every tribal village has all-weather pucca roads and an adequate drainage system
- Upgrade small bridges/causeways to provide all weather connectivity

We will construct a Birsa Munda Adi Jati Samriddhi Corridor between Ambaji and Umergram to spur growth by:

- Connecting every tribal district's headquarters with a 4-6 lane state highway
- Constructing a tribal cultural circuit connecting Pal Dadhvaav and the Statue of Unity to Shabari Dham

■ Attracting investment and employment in forest-based industries to ensure 100% utilisation of the forest economy

■ Promoting tribal tourism by keeping tribal culture at the heart

We will initiate Mobile delivery of ration across all 56 Tribal Sub-Plan Talukas.

We will set up 8 GIDCs in the tribal belt to generate employment opportunities for tribal youth.

We will set up 50 Motilal Tejawat Incubators in the Tribal-dominated Talukas to increase the opportunities for livelihood generation for tribals and transform them into entrepreneurs.

We will ensure 100% mobile internet connectivity in every village across hilly tribal regions by 2023.

## Enabling Education for Tribals

We will provide a one-time incentive grant of ₹50,000 for every tribal student who gets into a NIRF top-ranking institution in India or a top-ranking world institution for higher education.

We will set up 25 Birsa Munda Gyan Shakti Residential Schools to provide the best residential schooling facilities to 75,000 meritorious students from the tribal community.

We will double the stipend for tribal students enrolled in ITI courses from ₹400 to ₹800 per month under Swami Vivekanand Stipend Scheme for Technical and Professional Courses.

We will ensure the seamless distribution of ST certificates by:

- Ensuring last-mile delivery of caste certificates through precise mapping at the block level
- Providing certificates to students after passing Class 8 along with their school leaving certificate

## Ensuring Quality Healthcare Services for Tribals

We will ensure state-of-the-art healthcare facilities in tribal areas by setting up 8 medical colleges, and 10 nursing/para-medical colleges.

We will set up 500 Pre-Birth Waiting Rooms at PHCs and CHCs in the tribal-dominated areas of Gujarat to safeguard pregnant tribal women from all sorts of birth-related risks.

We will add 50 more dedicated Mobile Medical Health Units to ensure quality medical services in tribal-dominated areas.

We will expand the use of air ambulances in the 14 tribal-dominated districts of Gujarat to enable faster emergency medical services.

We will provide a special monetary incentive to specialist doctors who serve in the tribal-dominated and remote districts.

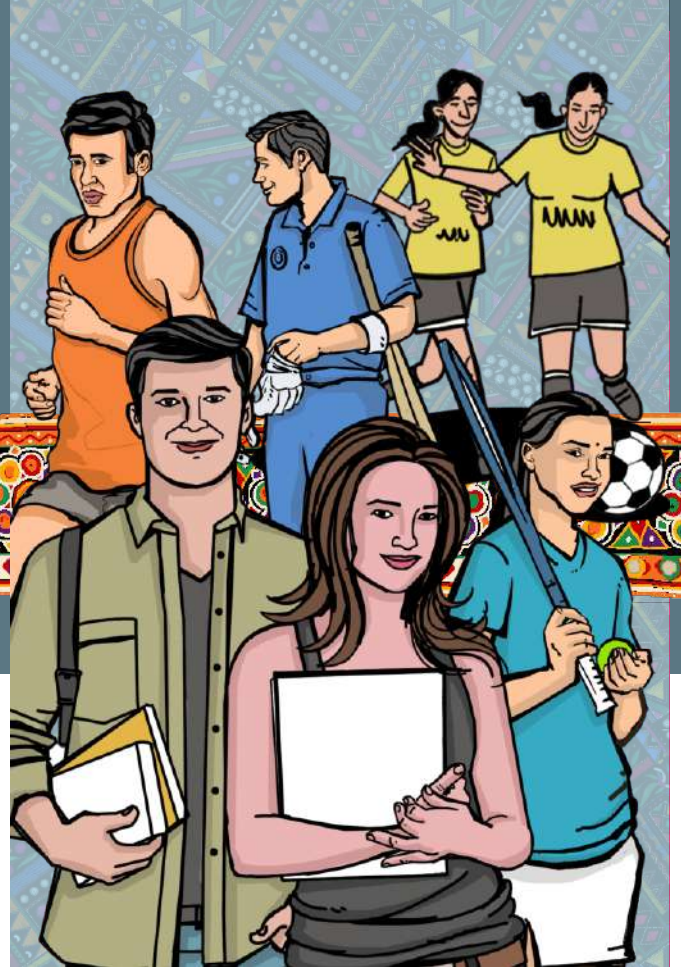

## Preserving and Popularising Tribal Culture

We will set up Govind Guru Bhavan in every tribal-dominated taluka with modern state-of-the-art facilities to organise social, recreational and cultural activities.

We will develop tribal-dominated forest areas (such as Dang, Narmada, Valsad and Tapi) as world-class wellness and Eco-Tourism destinations promoting concepts such as home stay and caravan tourism.

We will organise an annual Gujarat Tribal Khel Mahotsav to promote traditional and tribal games in the state.

# Agresar YOUTH

## Revolutionising Education via NEP

We will ensure that Gujarat becomes the first state to achieve 100% implementation of the National Education Policy (NEP) 2020, enabling universal access to quality education.

We will incentivise the Top Global Institutes to set up their campuses in Gujarat.

We will collaborate with top national and international universities to introduce a Youth Exchange Program for higher education and skill development in the state.

We will revise the school curriculum to incorporate different aspects of Bhartiya Sanskriti (such as Indian values, history, traditions, customs, languages and art) to enable children to develop a strong and positive cultural identity.

## Accomplishing Accessible and Quality Education

We will launch a Gujarat Vidyarthi Credit Card Yojana, which will provide zero-interest education loans of up to ₹20 lakh to all eligible students.

We will provide a one-time incentive grant of ₹50,000 for OBC/ST/SC/EWS students who get into a NIRF top-ranking institution in India or a top-ranking world institution for higher education.

We will provide a one-time financial incentive to every OBC/ST/SC meritorious student on passing class 12.

We will provide Swayam Certificate Scholarship to 5 lakh youth belonging to OBC/ST/SC/EWS categories each year to encourage STEM and business education.

We will provide free coaching to all meritorious students for State and National level entrance and competitive exams.

We will launch a special scholarship programme for students pursuing their higher education in the field of sports from government-recognised sports institutions.

We will enhance the Mid-Day Meal Scheme by:

- Building top-quality state-of-the-art kitchens run by SHGs
- Including fortified ration and millets to provide wholesome and nutritious meals to students
- Routinely conducting checks in mid-day meal kitchens by constituting teams of Poshan Rakshaks

## Excelling in Education Infrastructure

We will convert 20,000 government schools into Schools of Excellence with a budget of ₹10,000 crore in the next 5 years, under which:

- Smart classrooms, environment labs and computer labs will be set up
- Training in futuristic skills such as robotics, coding, Artificial Intelligence etc. will be provided
- Guidance and coaching for competitive exams such as JEE/NEET/NDA/NIFT etc. will be provided

We will promote STEM education in Gujarat by setting up ATAL Tinkering labs in 5,000 high schools, which will ensure out-of-the-box and technological thinking.

We will launch Keshavram Kashiram Shastri Higher Education Transformation Fund with a budget of ₹1,000 crore, in order to construct new government colleges and revamp the existing colleges and universities with state-of-the-art facilities.

We will launch a Mentorship Tie-up Mission, allowing renowned institutes such as IIT, IIM, IISER, NID, CEPT and others to provide mentorship to state educational institutions.

We will create a roadmap to ensure Higher Education Institutes from Gujarat are listed in the QS World Rankings, as premier institutions of multidisciplinary education.

We will establish 4 Gujarat Institute of Technology (GIT) on the lines of IITs as Centres of Excellence in the areas of Green Energy, Semiconductors, FinTech, and Aerospace.

## Strengthening the Welfare of Teachers

We will provide merit-based scholarships for students enrolled in B.Ed. programme, to encourage them to enter the teaching profession.

We will provide teachers with continuous opportunities for self-improvement and learning the latest innovations and advances in their profession.

## Enabling Skill-Centric Professional Education

We will set up residential skill hubs affiliated with the Kaushalya Skill University in every district which will train 10 lakh youth in the next 5 years.

We will strengthen the communication and employability skills of the youth via state-of-the-art skill-training in every ITI.

We will ensure strong linkage between industry's skilled manpower demand and availability of trained human resources by starting industrial ecosystem linked skill development centres on the PPP model.

## Laying Foundation for Robust Employment

We will provide 20 lakh employment opportunities to the youth of Gujarat in the next 5 years.

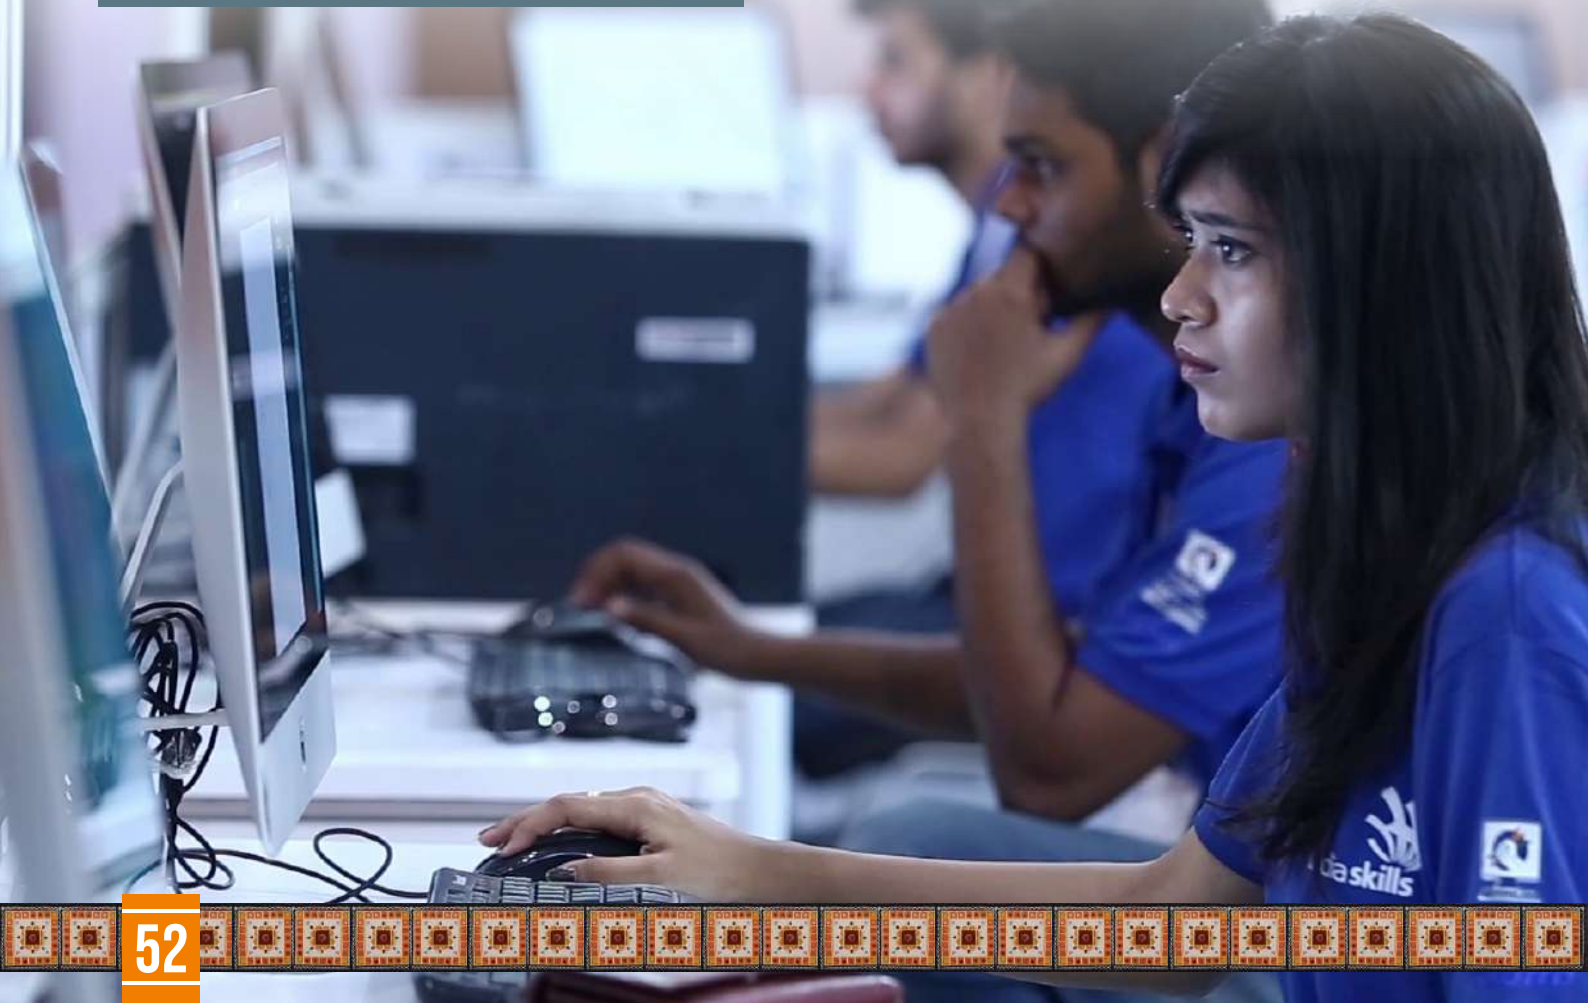

We will expeditiously fill all the departmental vacancies in the State Government.

We will launch a State Testing Agency under the aegis of the National Testing Agency that will smoothly conduct government examinations online.

We will expand the existing network of regional centres of the Sardar Patel Institute of Public Administration (SPIPA) to support students in preparation for competitive exams.

We will establish highly subsidised co-working spaces in every district of Gujarat to motivate new businesses to grow and flourish.

We will upgrade and modernise all Employment Exchanges in the state to Model Career Centres to make the entire process of employment streamlined and advanced.

We will Organise Rojgar Mela/Employment Fair every month to provide a common platform for industry and job seekers.

We will launch the Gujarat na Agniveer programme in every higher secondary school with a special emphasis on constructing preparatory infrastructure to boost Gujarati youth's participation in Agnipath Scheme and encourage them to serve the nation.

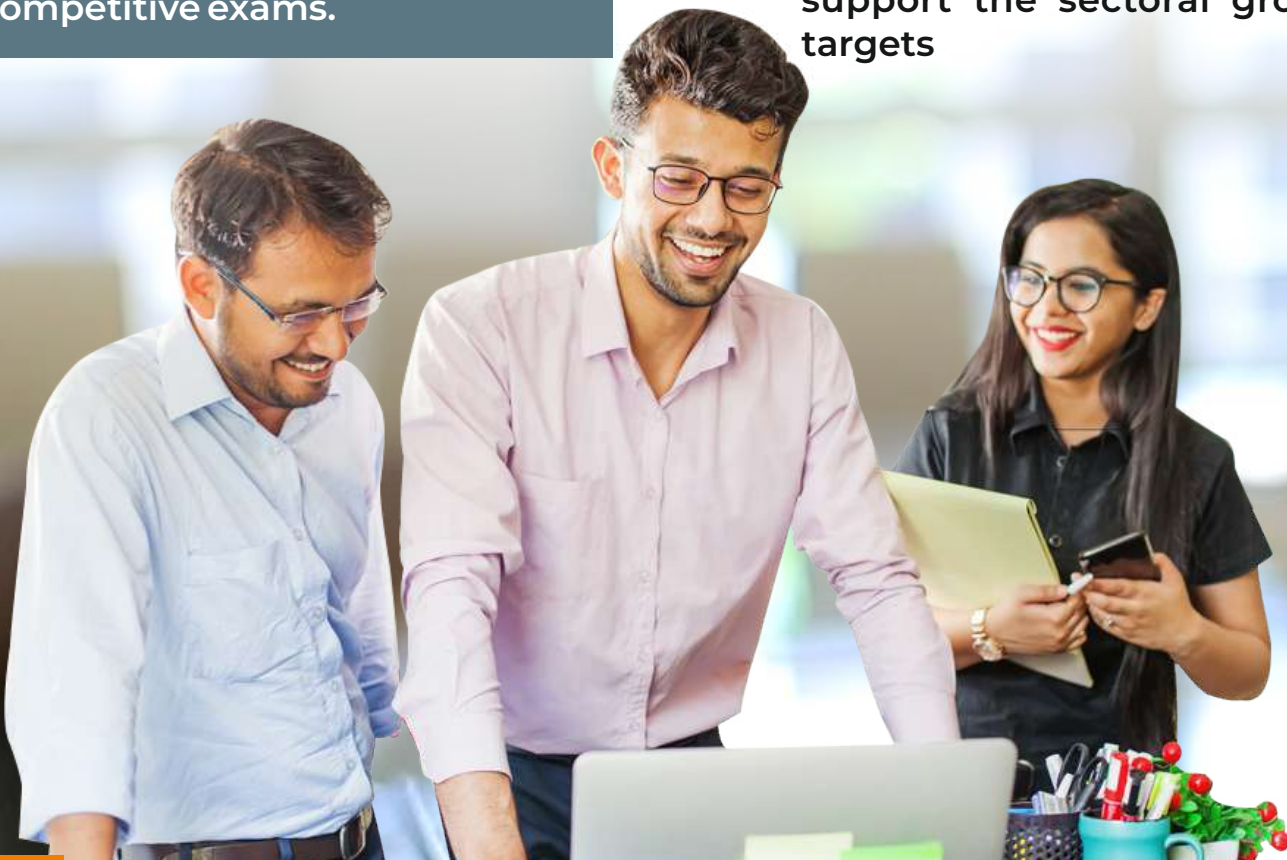

We will expand the scope of Swami Vivekananda Gujarat Rajya Yuva Board to work towards the overall welfare of youth with a focus on providing career counselling and facilitating exam-time travel arrangements for those appearing for Government competitive exams.

## Making Gujarat the Startup Hub of India

We will make Gujarat the most vibrant startup ecosystem in India by:

- Upgrading all incubation centres with state-of-the-art facilities to encourage more youth to have their own startups
- Encouraging, supporting and promoting startups in the domain of healthcare, agriculture, education, retail, transport, logistics, manufacturing and FinTech to support the sectoral growth targets

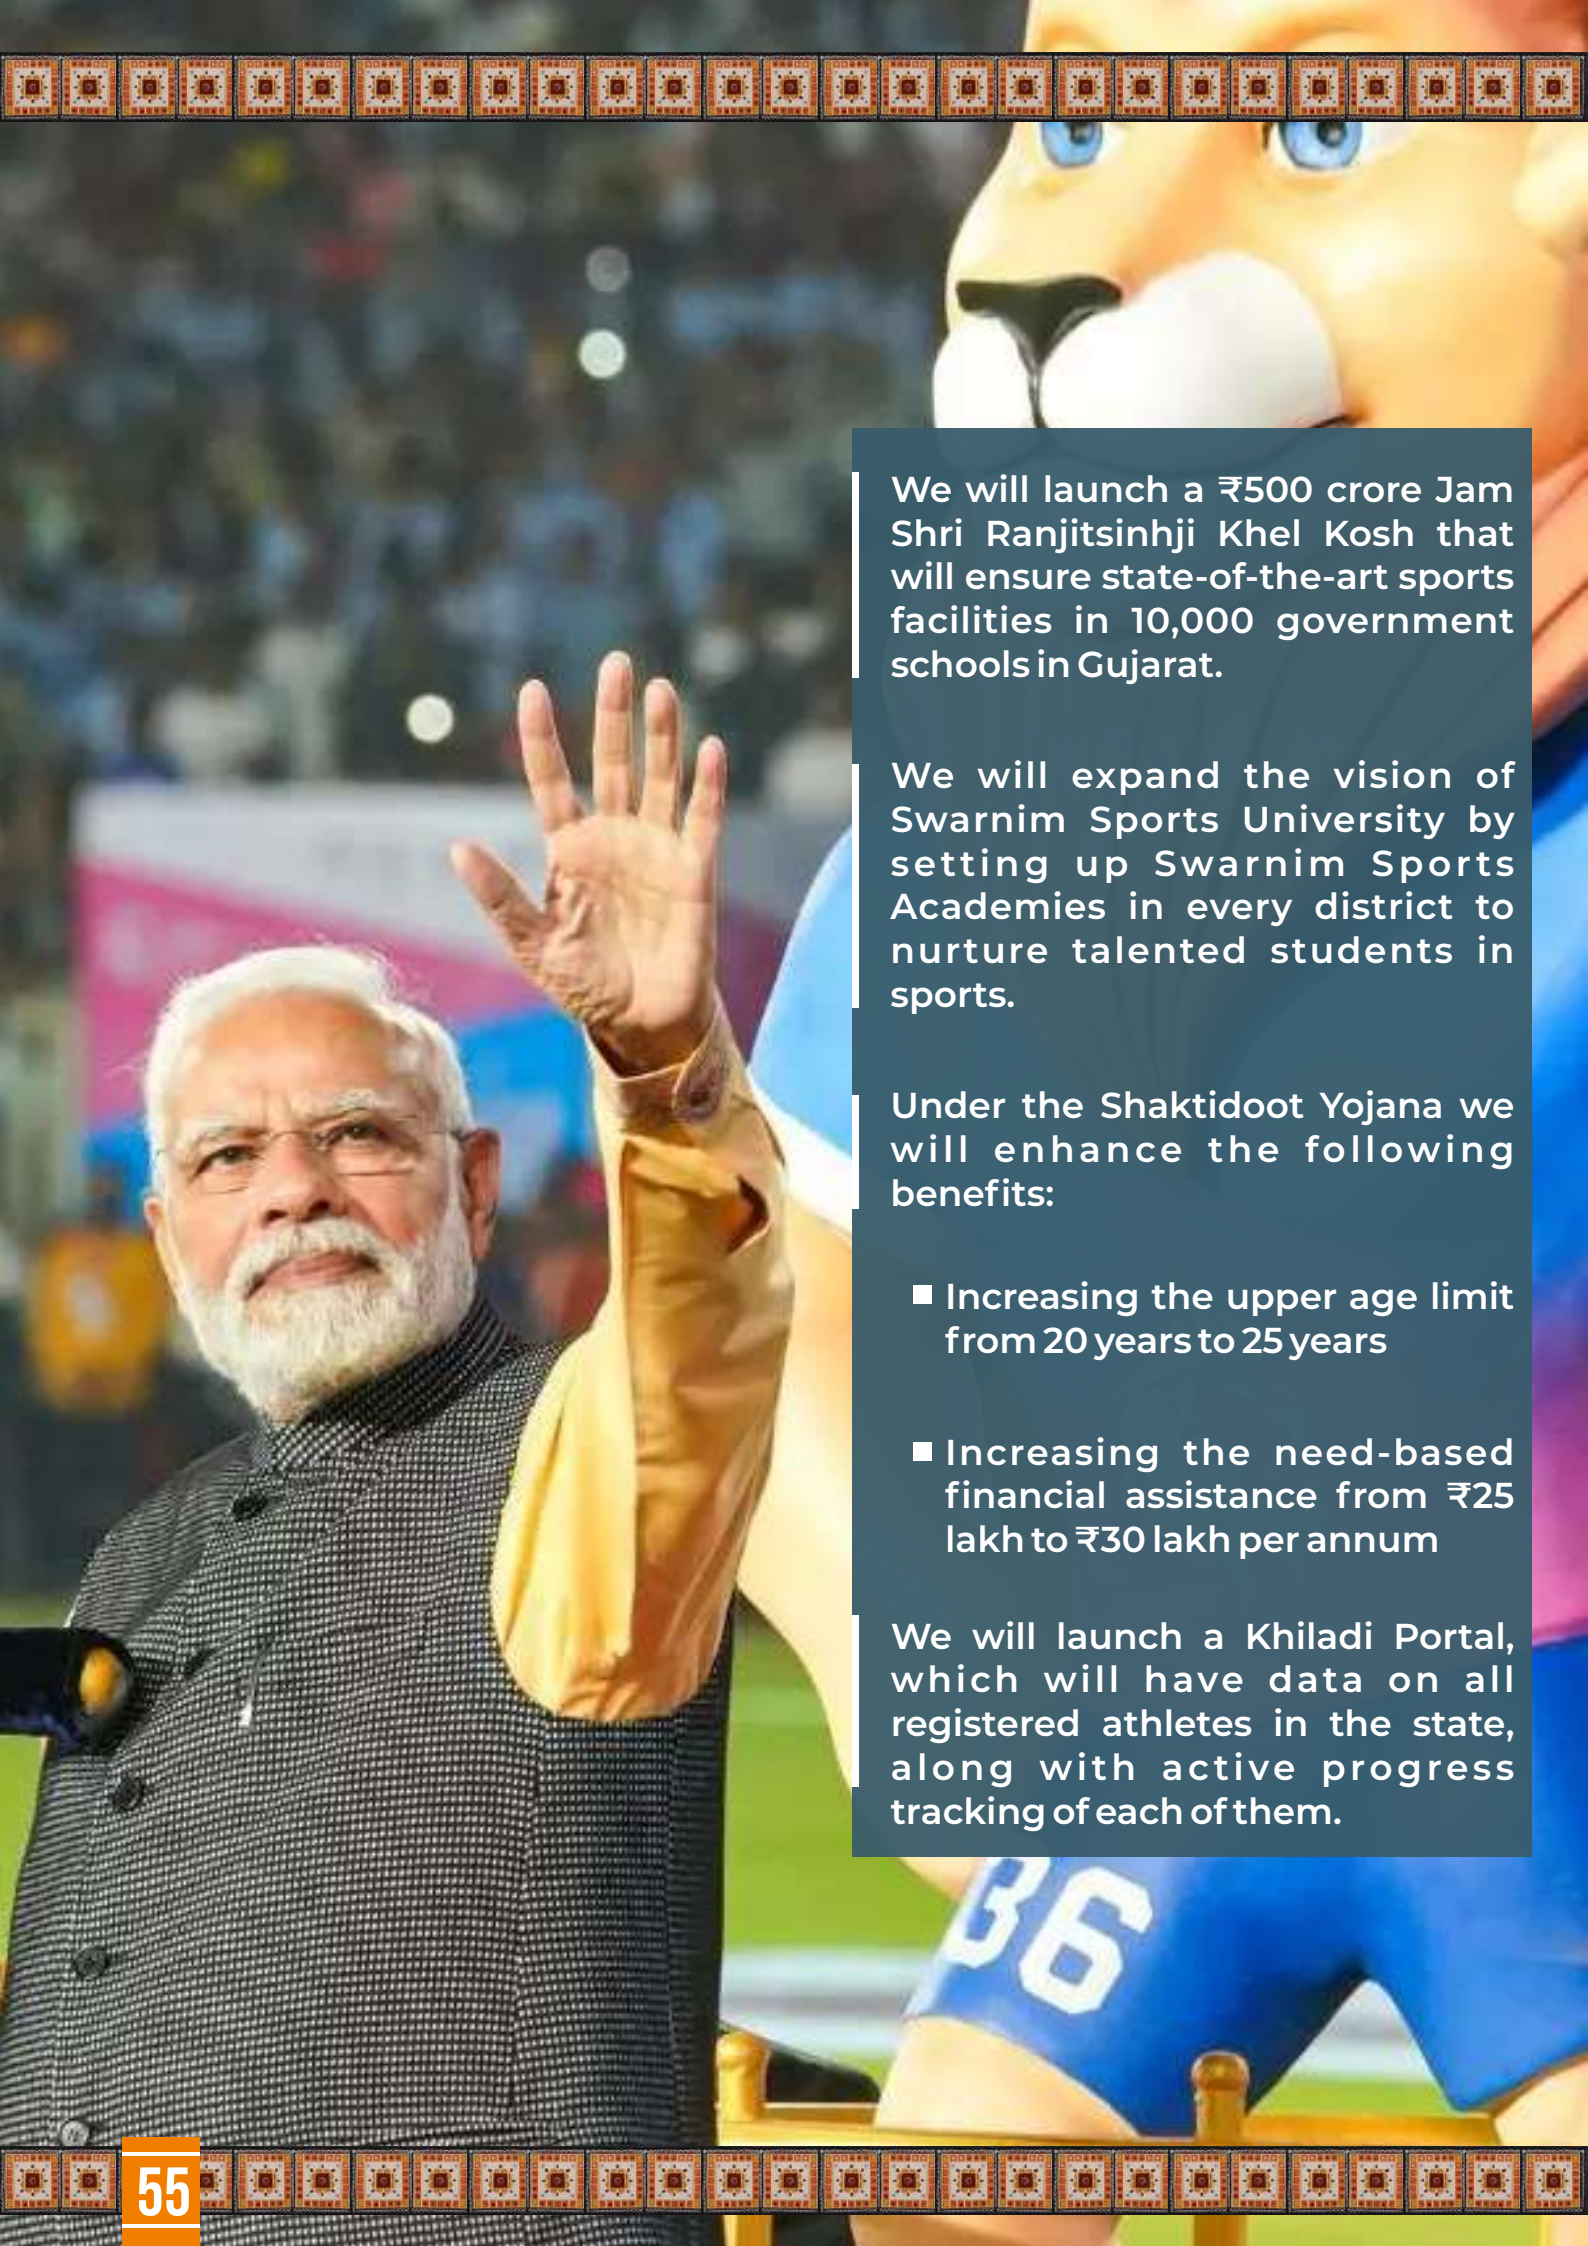

# Leading India in Sports

We will launch Gujarat Olympics Mission and create world-class sports infrastructure with an aim to host the Olympic Games in 2036.

We will facilitate the Gujarat Sports Policy 2022-2027, by ensuring:

- Expedited development of Sardar Patel Sports Enclave
- Establishment of sports complexes in every district and taluka, focusing on improving the trainer-to-sportsperson ratio
- Fast Tracking the development of Centres of Excellence in 8 districts by 2024 and then expanding it to 12 more districts by 2027
- Upskilling and reskilling athletes through Athlete Welfare Programmes
- Setting up IT infrastructure to promote transparency, accountability and time-bound governance

We will launch a ₹500 crore Jam Shri Ranjitsinhji Khel Kosh that will ensure state-of-the-art sports facilities in 10,000 government schools in Gujarat.

We will expand the vision of Swarnim Sports University by setting up Swarnim Sports Academies in every district to nurture talented students in sports.

Under the Shaktidoot Yojana we will enhance the following benefits:

- Increasing the upper age limit from 20 years to 25 years
- Increasing the need-based financial assistance from ₹25 lakh to ₹30 lakh per annum

We will launch a Khiladi Portal, which will have data on all registered athletes in the state, along with active progress tracking of each of them.

# Agresar HEALTH

## Ensuring Affordable Healthcare for All

We will double the annual cap under the Pradhan Mantri Jan Arogya Yojana (Ayushman Bharat) from ₹5 lakh to ₹10 lakh per family and ensure free-of-cost medical treatment.

We will ensure the availability of quality medicines at subsidised rates by expanding the network of Pradhan Mantri Jan Aushadhi Kendra from 500 to 1,000 in towns and cities to bring down out-of-pocket expenditure.

We will launch the Mukhyamantri Free Diagnostic Scheme with a corpus of ₹110 crore to provide free-of-cost diagnostic services in all government health institutions and empanelled laboratories for EWS households.

## Rolling out World-Class Health Infrastructure

We will create a ₹10,000 crore Maharaja Shri Bhagvatsinhji Swasthya Kosh, revolutionising the healthcare sector, under which we will:

- Set up 2 more AIIMS-grade institutes
- Set up 3 world-class Medicities with facilities like Air Ambulance and Tele-Surgery, focusing on creating dedicated state-of-the-art Centres of Excellence for Cardiology, Neurology and Oncology

- Build new and upgrade infrastructure of existing healthcare facilities (Hospitals, CHCs and PHCs)

- Launch the Gujarat Cancer Care Programme by establishing accessible Cancer Care Centres in every district in a phased manner

We will ensure that one medical college with an attached multispeciality government hospital is there in every district.

## Augmenting Human Resources

We will incorporate a 30% increase in the capacity of medical seats in the state.

We will set up a Health Recruitment Board that will undertake the recruitment of doctors, nurses, etc. along the lines of the Police Recruitment Board.

We will pay special attention to the skill development of mid-level service providers such as nurse practitioners and public health personnel.

We will strengthen the Gujarat State Mental Health Authority by taking focused measures to provide quality mental health services to citizens.

## Providing Futuristic Healthcare Services

We will ensure that people can access quality health services at their fingertips through the scaling up of Tele-Consultation including Tele-Counseling and Tele-Therapy. Under this, we will:

- Set up 1,000 Tele Desks to provide basic diagnosis and prescription
- Ensure easy access to medicine at the doorstep in rural areas

We will become the first state to launch a Health Stack, which will create a unique Health ID for citizens and provide one-stop system for appointment booking, medical history, and diagnostic reports.

We will set up a volunteer task force of first responders in a phased manner to provide immediate medical services during accidents.

## Ensuring Last Mile Healthcare

We will set up 5 additional Advanced Life-Saving (ALS) Mobile Medical Units in each district to provide quality health services and doorstep distribution of medicine in rural, remote and tribal areas.

We will connect major medical clusters of Gujarat with a robust network of Air Ambulance services to reduce travel time during medical emergencies.

We will launch the Suposhit Gujarat Sashakt Gujarat Mission to improve nutritional security for all.

We commit to make Gujarat TB-free by 2025. We will also provide ₹1,000 monthly assistance to TB patients.

We will dedicate ₹185 crore to establish special units in government hospitals at the district level for the treatment and rehabilitation of patients suffering from palliative illnesses like dementia, neurological diseases, congenital anomalies, etc.

## Promoting Preventive Healthcare

We will launch Dhanwantari Preventive Healthcare Fund for building preventive healthcare ecosystem such as public Yoga Centres, Herbal Gardens, etc. for a healthy Gujarat.

We aim to make Gujarat the AYUSH Hub of India and establish 4 state-of-the-art Institute of Traditional Medicine with the Global Centre for Traditional Medicine, Jamnagar being the central node. Under this, we will:

- Promote the manufacturing of Ayurveda medicines
- Promote Ayurveda Vigyan startups
- Establish Ayurveda Research and Development centres across all major cities

We will ensure 100% coverage of vaccinations against preventive illnesses like Tuberculosis, Measles, and Hepatitis B on a priority basis.

We will establish a Centre for Genetics and Health in Ahmedabad for the diagnosis, prevention and treatment of genetic diseases that will become a hub for prenatal genetic screening.

# Agresar SAMRAS VIKAAS

## Welfare and Development of the Poor

We will ensure that every citizen in Gujarat has a pucca house and ensure 100% implementation of the Pradhan Mantri Awas Yojana.

We will launch 100 Annapurna canteens across the state to provide meals for ₹5, three times a day.

We will launch a Family Card Yojana, enabling every family to avail benefits of all State Government-run welfare schemes.

We will ensure complete transparency and accountability in the PDS system through village-level vigilance committees.

We will provide 1 litre of edible oil at a subsidised rate, four times a year, on the occasion of Uttarayan, Holi, Janmashtami and Diwali to families through the PDS system.

We will provide 1 kg chana monthly, at a subsidised rate to all families benefiting from the PDS system.

We will launch an EWS Welfare Board that will monitor the compliance of the rules related to EWS reservation in educational institutions and jobs, working towards the overall welfare of the section.

We will double the amount for the pre-matric scholarship for SC/ST students.

We will construct 50 new Samras Hostels to provide state-of-the-art living facilities to meritorious school students from marginalised castes and classes.

We will construct 50 additional modern shelter homes with a capacity of 100 each for the urban homeless.

We will ensure the seamless distribution of caste certificates to OBCs by:

- Ensuring last-mile delivery of caste certificates through precise mapping at the block level
- Providing certificates to students after passing Class 8 along with their school leaving certificate

We will set up welfare boards for Rabari, Prajapati and Sathwara communities for their all-round development.

We will set up a State Level Welfare Board under the name of Vishwakarma Nigam for the focused development and empowerment of Suthar, Lohar, Kadiya, Kansara and Panchal communities.

We will double the budgetary allocation for Gujarat Gopalak Vikas Nigam and also include the Ahir community in it.

## Welfare and Development of the Backward Classes

We will provide a one-time incentive grant of ₹50,000 for every OBC student who gets into a NIRF top-ranking institution in India or a top-ranking world institution for higher education.

We will create a Samras Sector in Gandhinagar and provide land parcels to various castes and communities to build multipurpose community halls, hostels, and preparation centres for examinations.

We will double the stipend for OBC students enrolled in ITI courses from ₹400 to ₹800 per month under Swami Vivekanand Stipend Scheme for Technical and Professional Courses.

## Welfare and Development of the Vicharti Vimukt Jaati

We will provide a one-time incentive grant of ₹50,000 for every Vicharti Vimukt Jaati student who gets into a NIRF top-ranking institution in India or a top-ranking world institution for higher education.

We will provide a residential plot and ensure 100% housing for homeless Vicharti Vimukt Jaati families in the state.

We will ensure the seamless distribution of caste certificates to Vicharti Vimukt Jaati by:

- Ensuring last-mile delivery of caste certificates through precise mapping at the block level
- Providing certificates to students after passing Class 8 along with their school leaving certificate

We will launch Vicharti Vimukt Jaati Unnayan Yojana to assist them in setting up their business by providing them with government land.

We will provide special scholarships and early-age training to Vicharti Vimukt Jaati students for training in traditional art forms and modern sports.

## Welfare and Development of the Scheduled Castes

We will provide a one-time incentive grant of ₹50,000 for every SC student who gets into a NIRF top-ranking institution in India or a top-ranking world institution for higher education.

We will ensure the seamless distribution of caste certificates to SCs by:

- Ensuring last-mile delivery of caste certificates through precise mapping at the block level
- Providing certificates to students after passing Class 8 along with their school leaving certificate

We will double the stipend for SC students enrolled in ITI courses from ₹400 to ₹800 per month under Swami Vivekanand Stipend Scheme for Technical and Professional Courses.

We will create Dr. Ambedkar Bhavan in every SC-dominated district with state-of-the-art multipurpose community halls.

## Welfare and Development of the Labourers

We will introduce Shramik Credit Cards for labourers to provide them with collateral-free loans up to ₹2 lakh.

We will increase the amount of compensation to labourers from ₹3 lakh to ₹5 lakh in case of accidental death and from ₹1 to ₹2 lakh in case of permanent disability under the Akasmik Mrityu/ Kayami Asaktata Sahay Yojana.

We will establish a Taxi & Auto-Rickshaw Welfare Board with a corpus fund of ₹10 crore for the welfare of taxi and auto drivers.

We will build 500 taxi and auto stands with essential facilities across Gujarat.

We will collaborate with Food-Tech Platforms to expand the business of street vendors under the Pradhan Mantri SVANidhi Yojana.

## Welfare and Development of the Disabled

We will become the first state to achieve all the goals under the Sugamya Bharat Abhiyan by making government offices and public places infrastructurally accessible for PwDs.

We will set up the country's largest National Para Sports Academy with advanced equipment and facilities.

We will set up one Sahyog Centre in every district to provide support and residential care for low-income PwDs who are orphaned, abandoned, or facing destitution.

## Welfare and Development of the Elderly

We will double the financial assistance given to senior citizens under the Niradhar Vruddh Pension Yojana.

We will create a corpus of ₹160 crore and establish separate Geriatric Specialisation Units at every district hospital in the state.

## Welfare and Development of the Refugees

We will initiate the Mukhyamantri Sharanarthi Yojana for the welfare of refugees who get citizenship under the Citizenship Amendment Act in Gujarat. Under this, we will:

- Ensure DBT of ₹10,000 per year to each refugee family for 5 years after acquiring citizenship
- Enable a single-window clearance to get documents such as Aadhaar card, Ration card and Voter ID card
- Provide subsidised loans to start their own business
- Provide scholarships to school and college students

# Agresar CULTURE

## Celebrating the Cultural Glory of Gujarat

We will invest ₹2,500 crore to promote Gujarat's culture at the national and international levels.

We will build a circuit of the biggest and first-of-its-kind museums in India:

- Maritime Museum in Lothal
- National Tribal Freedom Fighter Museum in Rajpipla
- Museum of Indian History and Culture in Ahmedabad (India's biggest museum)
- National Museum of Unity at Kevadia

We will set up 4 Umashankar Joshi Centre for Performing Arts in Ahmedabad, Surat, Vadodara, and Rajkot, to promote Gujarati theatre, dance, music, folk art and literature.

We aim to build Sardar Bhawan across India and select international locations to promote Gujarati tradition and culture.

We will increase the funding to the Gujarat Sangeet Natak Academy and Gujarat Lalit Kala Academy for the promotion of various forms of Gujarati art, dance and music.

We will put Gujarat's festivals on the international map by creating a round-the-year festival calendar: Modhera Dance Festival (January), Kite Festival (January), Dang Darbar (March-April), Madhavpur Ghed Fair (April), Saputara Monsoon Festival (July-August), Tarnetar Mela (August-September), Janmashtami Festival (September), Shamlaji Fair (November) and Navratri Festival (November).

We will institutionalise a 3-day long celebration Gujarat Gaurav Mahotsav on Gujarat Foundation Day (1 May).

We will establish a Film City in Ahmedabad with film and television studios, a film training institute, post-production facilities, and other amenities.

We will start Ranchhodbhai Dave Gujarati Theater Festival under which we will organise shows of Gujarati plays across domestic and international locations.

We will showcase the diversity and richness of Gujarati cuisine to the world by organising the Gujarati Food Festival across various cities in India and abroad.

We will introduce the Mukhyamantri YUVA scheme, an author mentorship programme under the Gujarati Sahitya Parishad to train young and budding authors in order to promote reading, writing, and book culture in the state.

We will revive the martial art of Vajra Mushti by encouraging akhadas that train people in this combat art form.

## Invigorating Spirituality in Gujarat

We will build Devbhumi Dwarka Corridor to establish it as western India's biggest spiritual centre, comprising of:

- World's tallest Shree Krishna statue
- 3D immersive Bhagwat Gita experience zone
- Viewing gallery for the lost city of Dwarka

We will invest ₹1,000 crore to renovate, expand and promote temples, following the successful transformation model of Somnath, Ambaji and Pavagadh. Under this, we will include:

- Rudra Mahalaya Mandir in Siddhpur (Patan), Dakor Temple (Kheda), Bechraji Mandir (Mehsana), Mata No Madh Mandir (Lakhpat, Kutch), Sun Temple in Kotai (Kutch), Sapteshvar Mahadev Mandir (Sabarkantha), Meladi Mata Mandir (Viramgam), Nava Surajdeva Temple (Surendranagar), Chandramouleshwara Mahadev Mandir (Dholka), Hanumanji Temple (Anand), Kamnath Mahadev Mandir (Amreli), Chamunda Mata Temple (Chotila), and Shreebai Mataji temple (Junagadh), Sikotar Mata Temple (Jafrabad), Nadinath Mahadev Temple (Mahisagar), Ravechi Mataji Temple (Ravechi).

We will beautify and build additional infrastructure in Tarpan Bhoomi - Chanod, Sidhpur and Prachi for pilgrims.

We will promote Sihor (Bhavnagar) as "Chhota Kashi", with its 9 Nath and Swayambhu Gautameshwar temples.

We will make a Master Plan for Palitana, in line with the development of Ambaji and Dwarka, and develop it as an important location on the Jain tourism map.

## Honouring Cultural Heroes

We will begin a series of stage dramas and musicals depicting the journey of Gujarat's famous historical figures and significant events, such as Raja Siddhraj Jaisinh, Veer Hamirji, Gandhiji, Sardar Patel, Vitthalbhai Patel, Ravi Shankar Maharaj, Shivaji Maharaj, Maharaja Sayajirao, and Dandi Satyagraha.

We will build memorials/statues to honour religious gurus, social reformers, historical figures and freedom fighters such as Govind Guru, Sant Sadaram Bapu, Veer Dedaji Barad, Manibhai Desai, etc.

We will expedite the completion of the development of Narsinh Mehta Lake in Junagadh city honouring the Bhakti poet.

## Encouraging Artists and Craftspersons

We will felicitate 100 Gujarati artists every year with a cash prize of ₹51,000 under the Gaurav Puraskar Samaroh, for their outstanding achievement in the fields of music, dance, drama, and folk art.

We will establish Craft Haats in each district of Gujarat based on the model of Ahmedabad's Vastrapur Haat for the promotion of handicrafts.

We will develop Craft Village Complexes with Experience Zones, Trade Facilitation Centres and Galleries to build a holistic ecosystem for traditional artisans. Under this, we will set up Craft Villages in:

- Ajrakhpur (Block printing)
- Nirona (Rogan painting)
- Hodka (Traditional craft embroidery)
- Khavda (Clay pottery)
- Dhordo (Chain-stitch work)
- Sumrasar (Soof embroidery)
- Loria (Embroidered footwear)
- Nakhatrana (Bandhani work)
- Padhdhar (Ahir embroidery)
- Anjar (Metal crafts)

## Promoting Thematic Tourism

We will promote the heritage of Gujarat under the Gujarat Heritage Tourism Policy 2020-25. Historical monuments, forts, and landmarks associated with the erstwhile princely states will be linked under the Royal Heritage Tourism Circuit to showcase the rich cultural history of Gujarat.

We will promote Beach Tourism by ensuring the beautification of significant beaches in the state, such as Mandavi, Dwarka, Somnath, Tithal, Porbandar, etc. and ensure their certification as Blue Flag beaches like Shivarajpur.

We will promote Food Tourism in Gujarat by organising Food Walks on Sundays across Mahanagar Palikas.

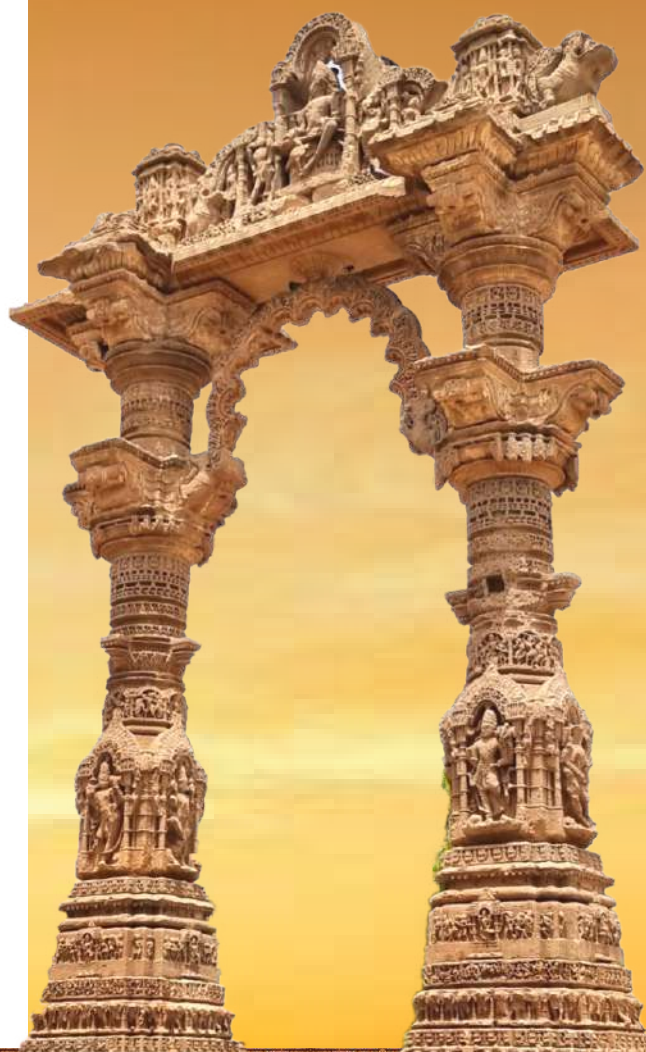

We will launch a Gujarat Medical Tourism Policy and encourage medical value travel.

We will promote Gujarat as a centre of wellness tourism by incentivising setting up Ayurveda Parks, Yoga and Wellness Retreats, and Naturopathy Centres in Jamnagar, Kevadia, and Dharoi.

We will promote MICE tourism by constructing five world-class Lotus Convention Centres in Statue of Unity, Surat, Vadodara, Rajkot, and Kutch, each with state-of-the-art facilities for business travel.

We will identify at least 50 destinations near lakes, rivers and waterfalls and transform them into ecotourism sites.

We will transform Gujarat's hill stations such as Saputara, Wilson Hill, Don, and Girnar into sites of world-class adventure tourism.

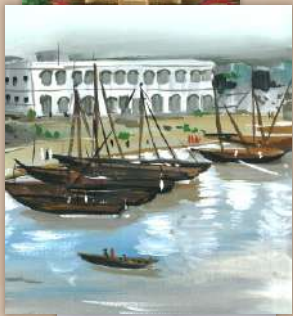

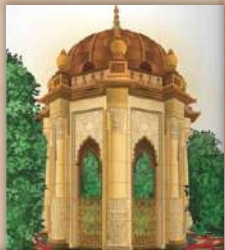

# Fostering the Future of Tourism in Gujarat

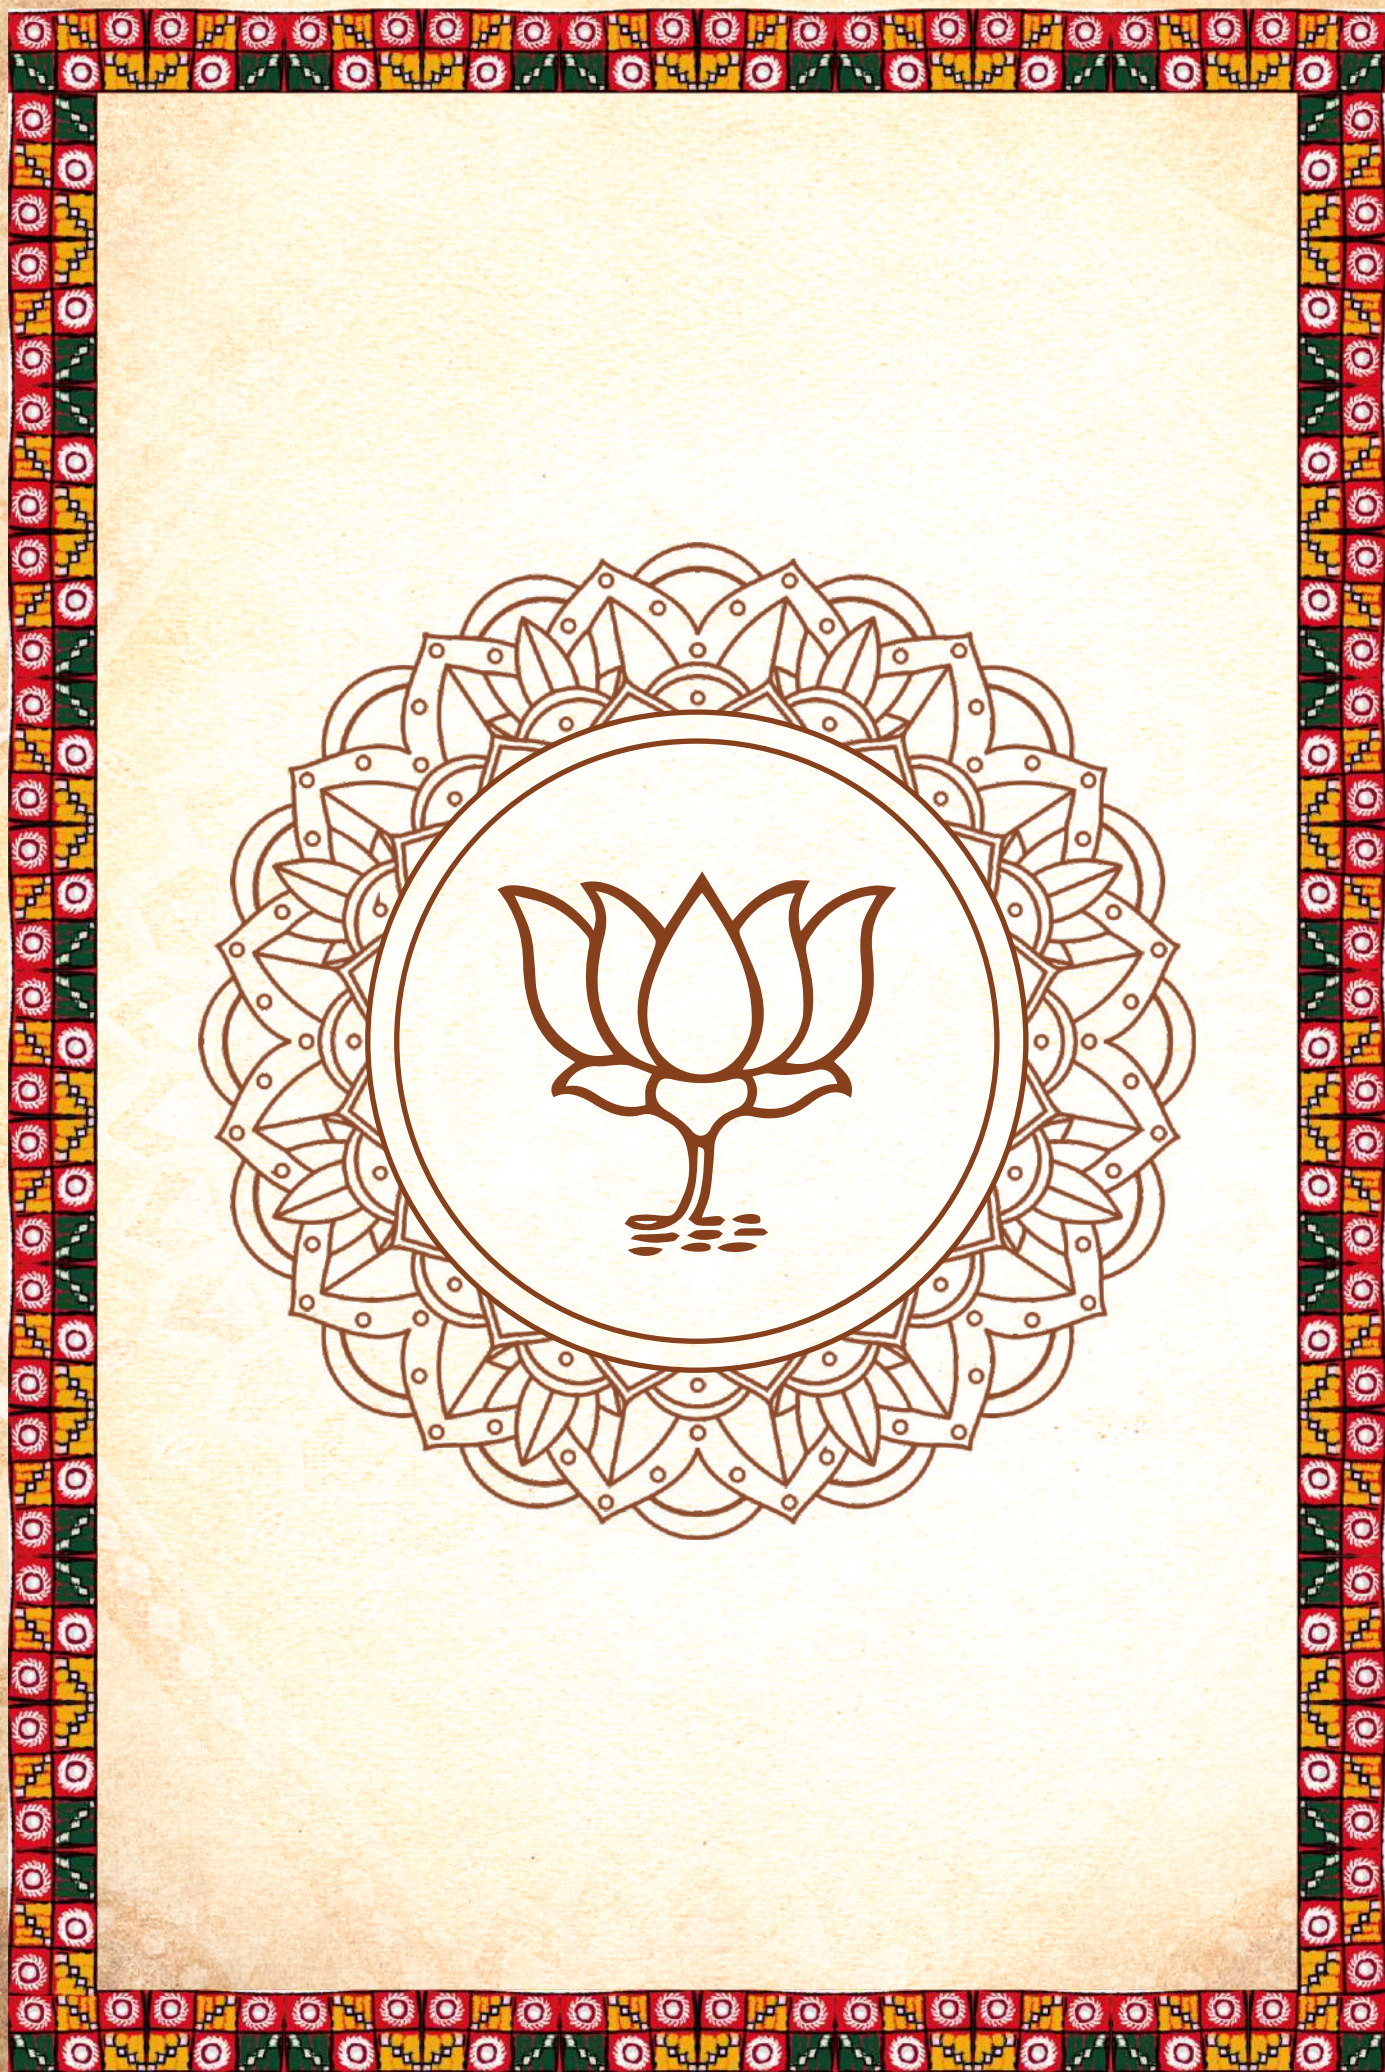

We will launch a global marketing campaign for tourism in Gujarat with a ₹100 crore investment fund.

We will establish the Garvi Gujarat Tourism University to promote tourism, transport, travel and heritage studies.

We will launch the Gujarat Tourism Skill Development Mission to train tourist guides, religious guides, women guides, and artisans into contributing towards the growth of tourism.

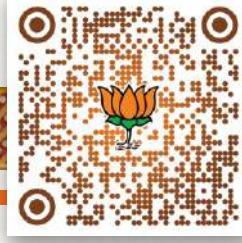

A decorative border with a repeating geometric pattern in red, yellow, and green surrounds a central cream-colored area. The word "Notes" is written in a large, bold, black font at the top center. Below it are ten horizontal lines for writing.

[illegible]
